Today's discussion covered: Missing/Wanted, Reported By, Abductor, Photograph and Letters of Apprehension screens. The following was suggested.

REPORTS

- Nothing new

SCREENS: Missing/Wanted/Runaway

- APB HPD uses Y/N, HCPD uses a number. Concluded leave as is with number.
- Ability to add multiple "Alias" names- Add "Miscellaneous" note section to M/W Update tab screen.
- Discussed whether "ADD M/W" should be a button or a link. Votes were for it to be a button.
- In Abductor Tab, move "Last Known Address" and "Probable Location" after SMATs
- If Police Rpt for a juvenile is open, and there's a need to reopen (due to the first one inadvertently not being closed), have the ability to click on that detail line and link to Add M/W screen where the original police report can be closed.
