JUVENILE DELINQUENCY TRENDS IN HAWAII

DATA BOOK FOR 2003-2012

Prepared by Maria Nerissa Sadaya-Ibus

Juvenile Justice Information System

Crime Prevention and Justice Assistance Division

May 2014

PREFACE

The State of Hawaii, Juvenile Justice Information System (JJIS) is the nation's first statewide database that organizes information gathered by all county police departments, family courts, departments of the prosecuting attorney, and the juvenile correctional facility within the state. Hawaii's JJIS synthesizes data inputted by each of these agencies and is managed by the Department of the Attorney General, Crime Prevention and Justice Assistance Division. Management of JJIS entails assurance of information system security measures, correcting data errors, and utilizing the information for research purposes that ultimately aim to reduce recidivism and juvenile delinquency as a whole.

With regard to research, JJIS data can be used to inform JJIS member agencies of juvenile justice trends and assist those agencies in planning efforts that reduce and prevent juvenile delinquency. This report attempts to fulfill this aim by reporting on juvenile justice trends in Hawaii's four counties:

- City and County of Honolulu (the island of Oahu)
- Maui County (includes the islands of Maui, Lanai, and Molokai)
- Hawaii County
- Kauai County

The data presented in this report illustrate similarities and differences between Hawaii's four counties, and provide detailed information on various offense categories, age, ethnicity, and gender. Furthermore, data are presented through "individual" counts (*i.e.*, the number of unique juveniles at each stage of the juvenile justice system per year), and "total" counts (*i.e.*, the total number of offenses documented at each stage of the juvenile justice system per year).

"Individual" counts allow readers to see how many unique juveniles process through each juvenile justice stage annually, irrespective of how many times each juvenile is arrested, adjudicated, placed on probation, etc. "Total" counts allow readers to see the total amount of delinquency reported annually by way of arrests, irrespective of how many unique individuals are arrested by police. Likewise, "total" counts illustrate the annual volume of cases processed through the petition, adjudication, probation, and incarceration stages, irrespective of how many unique individuals process through these stages.

JJIS is a unique system, not only because it is the only system nationally that includes statewide information from all of Hawaii's juvenile justice agencies, but because it can provide this "individual" count of juveniles at each stage in the system. Most data references provide "total" counts, but very few can provide the "individual" counts on a statewide basis. This makes JJIS an important data source for future research studies.

Any suggestions for future analysis for the annual JJIS data book are very much welcomed. Please contact the JJIS Coordinator, Stuart Okumura via email at Stuart.K.Okumura@hawaii.gov.

EXECUTIVE SUMMARY

This report summarizes juvenile justice data for the State of Hawaii and each of the state's four counties. Data in this report cover Calendar Years 2003-2012 and present the information for five key stages in the juvenile justice system: arrest, petition, adjudication, probation, and confinement. For each of these stages, data are reported for the total number of times all juveniles move through each stage, as well as the unique number of juveniles who move through each stage annually. This report also presents data on gender, age, ethnicity, and offense type.

The data for this report were drawn from the Department of the Attorney General's Juvenile Justice Information System (JJIS), which is the nation's first statewide database that organizes information gathered by all county police departments, family courts, departments of the prosecuting attorney, and the juvenile correctional facility within the state.

KEY FINDINGS

- The State of Hawaii saw a decrease in the total number of arrests, petitions, adjudications, new probations, and confinements to Hawaii Youth Correctional Facility (HYCF) from 2003 through 2012. Total arrests decreased 36.5%; total petitions, 25.6%; total adjudications, 27.9%; total probation sentences, 9.4%; and total confinements to HYCF, 51.1%. Total arrests decreased 33.8% and 40.5% for males and females, respectively. Total petitions decreased 25.5% for males and 25.7% for females. Total male adjudications decreased 24.2% while total female adjudications decreased 35.6%. Total probation sentences decreased 7.7% for males and decreased 14.0% for females. Total confinements to HYCF decreased 54.2% and 40.4% for males and females, respectively.
- The City and County of Honolulu experienced a decrease in the number of arrests, petitions, adjudications, new probations, and confinements to HYCF from 2003 through 2012, despite increases in 2008.
- Maui County witnessed a decrease in arrests, petitions, adjudications and new probations, but an increase in confinements to HYCF from 2003 through 2012. Total confinements to HYCF increased from 19 to 25 for males, and from 4 to 7 for females.
- Hawaii County saw a 6.3% decrease in petitions from 2003 through 2012; however the total petitions for drug and property offenses rose 20.8% and 25.7%, respectively. The number of juveniles placed on new probation increased 64.3%, with the number of individual males placed on probation increasing 41.9% and the number of individual females placed on probation increasing 127.3% (from 11 juveniles in 2003, to 25 juveniles in 2012).
- Kauai County saw a 36.7% decrease in total petitions from 2003 through 2012. However, the total number of petitions for status offenses rose 26.5% during the same period.

For each of Hawaii's four counties, data cover "total" counts, followed by "individual" counts for each of the five selected juvenile justice stages (arrest, petition, adjudication, probation, and confinement to HYCF; see Appendix I for definitions, page 121). Due to their small annual numbers, "individual" juvenile waivers to adult court are presented in abbreviated tables for the State of Hawaii and all four counties (page 117).

The State of Hawaii does not admit juveniles 12 years old or under, or status offenders, to HYCF. Although juveniles cannot be committed to HYCF for having committed status offenses, there are instances in which this occurs. For example, a juvenile under the supervision of the court for status offenses may have violated his or her supervision and, in turn, be committed to HYCF for a probation violation.

METHODOLOGY AND KEY TERMS

JUVENILE JUSTICE DATA

Data for this project were extracted at five different stages within the juvenile justice system: (1) arrest; (2) petition/charges filed; (3) adjudication; (4) probation; and (5) commitment to the Hawaii Youth Correctional Facility (HYCF). Other stages within the juvenile justice system exist (see Appendix I, page 121). The JJIC Research Subcommittee determined that yearly trends from the five stages outlined above would be the most useful for the JJIS member agencies and other practitioners in Hawaii's juvenile justice field.

OFFENSE CATEGORIES

The major offense categories for this report are organized into seven groups. Each major offense category is comprised of related types of delinquency. The seven major categories and their respective delinquency offenses are listed below, along with an attendant narrative description. The specific offenses within each major category are listed in order of severity (as determined by the JJIC Research Subcommittee), with the most severe being the highest ranked within each major category. Thus, those offenses are reported under the seven major offense categories (person, sex, drug, weapons/intimidation, property, status, and other):

1. **Person Offenses:** Person offenses include offenses that involve detrimental physical contact acted upon a victim by the offender.
 - a. **Homicide** (e.g., murder, negligent homicide).
 - b. **Assault 1 or 2** offenses occur when there is "serious" or "substantial" bodily injury intentionally or knowingly inflicted on another person, respectively. [Starting in 2007, a criminal offense involving a person intentionally (or) knowingly causing bodily injury to any emergency medical services personnel who is engaged in the performance of duty would be charged with assault in the second degree. Starting in 2003, a criminal offense involving the assault of a police officer or educational worker who is engaged in the performance of his/her duties was deemed a class C felony, or assault in the second degree]. They are both felony offenses and have been combined for this report (see Appendix I for further explanation).
 - c. **Kidnapping** occurs when a person intentionally or knowingly restrains another person with intent to use that person as a shield or hostage, inflict bodily injury upon that person or subject that person to a sexual offense, or terrorize that person.
 - d. **Robbery** includes acts in which a person uses force against another person with the intent to overcome that person's physical resistance (or threatens to do so) in the course of committing theft.
 - e. **Abuse of Family Member** includes offenses for which any person physically abuses a family or household member.
 - f. **Assault 3** includes offenses in which a person intentionally, knowingly, or recklessly causes bodily injury to another person, or does so negligently with a dangerous instrument. This is a misdemeanor offense.

2. **Sex Offenses:** Sex offenses are violent/person offenses (categorized separately for this report from previous category of “Person Offenses.”)
- a. **Sexual Assault 1 or 2** occurs when a person knowingly subjects another person to an act of sexual penetration by strong compulsion. They are both felony offenses and have been combined for this report (see Appendix I for further explanation).
 - b. **Sexual Assault 3** occurs when a person recklessly subjects another person to an act of sexual penetration by compulsion. It is also a felony offense.
 - c. **Sexual Assault 4** occurs when a person subjects another person to sexual contact by compulsion or causes another person to have sexual contact with the person by compulsion, and is a misdemeanor offense.
 - d. **Prostitution** includes offenses for which a person engaged in, or agreed to engage in, sexual conduct with another person for a fee.
 - e. **Open Lewdness** includes offenses in which a person performed any lewd act which is likely to be observed by others who would be affronted or alarmed.
3. **Drug Offenses:** Drug offenses include all “PUP” offending activities (*i.e.*, “possession,” “use,” or “purchase” of illicit substances), as well as drug trafficking.
- a. **Dangerous Drug offenses** (*e.g.*, crystal methamphetamine, cocaine);
 - b. **Harmful Drug offenses** (*e.g.*, prescription medications that can act as depressants, stimulants, or have other sensational effects);
 - c. **Detrimental 1 Drug offenses** (*e.g.*, trafficking or marijuana);
 - d. **Detrimental 2 or 3 Drug offenses** (*e.g.*, PUP of marijuana);
 - e. **Alcohol offenses** (includes prohibitions); and
 - f. **Other Drug offenses** (*e.g.*, drug paraphernalia).
4. **Weapons/Intimidation Offenses:** Weapons/Intimidation offenses include weapons and/or no physical contact or relatively minor physical contact (*e.g.*, pushing, shoving).
- a. **Terroristic Threatening 1** includes offenses in which a person threatens, by word or conduct, to cause bodily injury to another person or serious damage to the property of another. Terroristic Threatening 1 is a felony C offense pertaining primarily to victims who are public servants, such as an educational administrator, counselor, or teacher, and/or involves threatening another person on more than one occasion for the same or similar purpose.
 - b. **Weapons (felony)** offenses involve unlawful possession of deadly weapons, such as firearms, explosives, or other destructive devices.
 - c. **Terroristic Threatening 2** does not involve public servants or repeated incidences. It is a misdemeanor offense.
 - d. **Harassment** includes offenses in which a person commits the following types of act(s) on another- strikes, shoves, kicks, or offensive touching, insults, taunts, or challenges intended to provoke a violent response, or other offensive forms of communication (*e.g.*, telephone calls, facsimile transmissions).

- e. **Weapons (misdemeanor)** offenses involve possession of prohibited weapons such as knives or brass knuckles. Misdemeanor weapons offenses can also include possession of deadly weapons, though in a less dangerous context.
5. **Property Offenses:** Property offenses include offenses involving theft or damage to another's property.
- a. **Burglary** offenses apply when a person intentionally enters or remains unlawfully in a building, with intent to commit a crime against a person or against property rights.
 - b. **Unauthorized Entry Motor Vehicle/Unauthorized Control of a Propelled Vehicle (UEMV/UCPV)** offenses include those in which a person exerts unauthorized control over another's vehicle without the owner's consent, or enters the vehicle to steal it, part of it, or property within it.
 - c. **Theft 1 or 2** offenses involve theft without force. Theft 1 applies when the value of the stolen item(s) exceeds \$20,000 or is a firearm; Theft 2 applies when the value of the stolen item(s) exceeds \$300. Theft 1 and 2 are both felony offenses.
 - d. **Computer/Credit Card Fraud** includes offenses in which a person knowingly accesses a computer without authorization and, by means of such conduct, obtains or exerts control over the property of another, or knowingly accesses a computer, computer system or network without authorization. Credit card fraud involves the unauthorized use of another's credit card or the card's number to obtain money, goods, services, or anything else of value.
 - e. **Theft 3 or 4** offenses also involve theft without force of items of lesser value. Theft 3 applies when the value of the item(s) exceeds \$100. Theft 4 applies when the value is less than \$100. Both are misdemeanor offenses.
 - f. **Other Property** offenses are those that do not fall into the above offenses (e.g., arson, criminal property damage) and where a person intentionally damages or exerts control over another's property without permission.
6. **Status Offenses:** Status offenses include offenses that are only prohibited because they are committed by someone under age eighteen. "Prohibitions" are sometimes included in the status offense category, but for this report are included in the category of drug offenses.
- a. **Runaway** offenses pertain to juveniles who are absent from home without parental permission.
 - b. **Truancy** offenses pertain to juveniles who leave school without the permission of the school or a parent/guardian.
 - c. **Beyond Parental Control** applies when a parent or legal guardian deems their child beyond their control and requires police intervention.
 - d. **Curfew** offenses occur when a juvenile under age sixteen goes or remains on any public street, highway, public place, or private place held open to the public after ten o'clock in the evening and before four o'clock in the morning, unaccompanied by a parent, guardian, or adult person authorized to accompany the child.
 - e. **Injurious Behavior** offenses occur when a juvenile is deemed a danger to him- or herself.

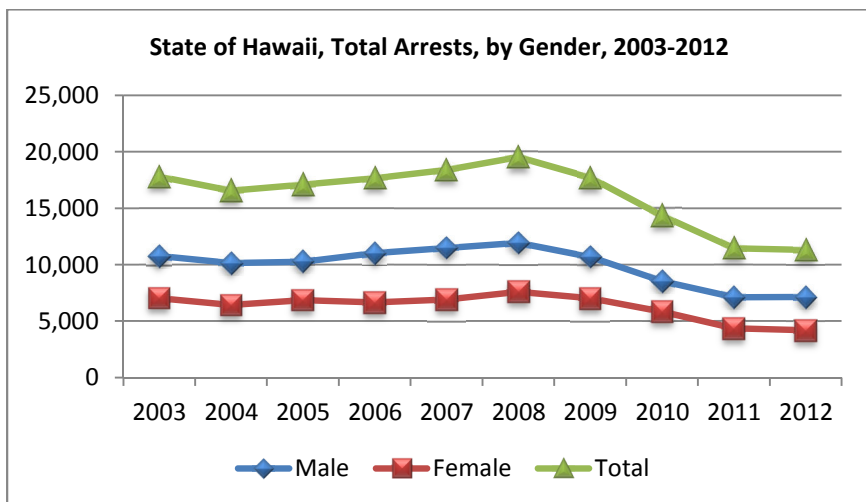

- f. **Protective Supervision Violation** offenses are akin to probation violations, but apply to status offenders.
- 7. **Other Offenses:** These include all other offenses that did not fall into the above major offense categories.
 - a. **Parole Violation** occurs when a juvenile violates the conditions of his/her release from incarceration to parole.
 - b. **Probation Violation** occurs when a juvenile violates the conditions of his/her probation sentence.
 - c. **Traffic** offenses include a wide variety of driving offenses, including but not limited to speeding, driving without a license, reckless driving, inattention to driving, etc.
 - d. **Other** offenses include offenses that do not fall into any of the above major offense categories or subcategories. These offenses include “disorderly conduct” and many county ordinances (*e.g.*, skateboarding on sidewalk, fireworks violations, park or fishing ordinance violations).

State of Hawaii, Total Juvenile Arrests, 2003-2012

Total juvenile arrests decreased from 17,806 in 2003 to 11,310 in 2012, a 36.5% decrease.

Total male arrests decreased from 10,766 in 2003 to 7,126 in 2012, a 33.8% decrease.

Total female arrests decreased from 7,026 in 2003 to 4,181 in 2012, a 40.5% decrease.

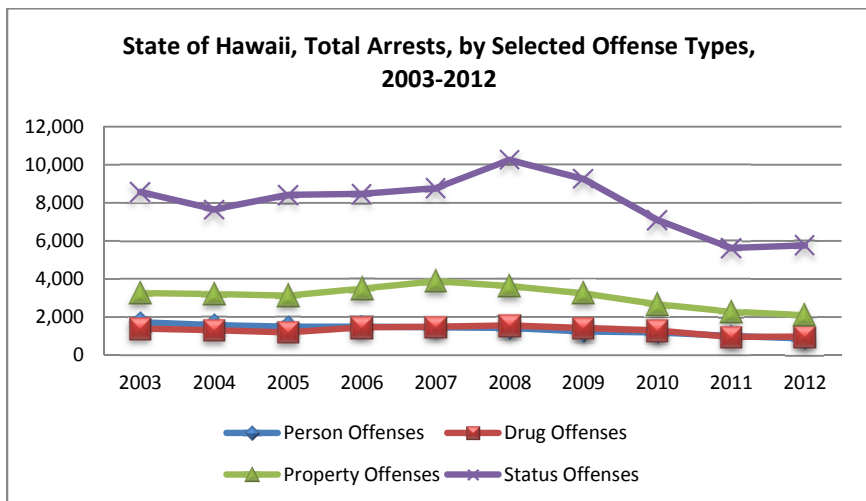

From 2003 through 2012, total arrests for juveniles age 11 and under decreased from 680 to 330, a 51.5% decrease.

Total arrests for juveniles ages 12 to 14 decreased from 5,736 in 2003 to 3,446 in 2012, a 39.9% decrease.

Total arrests for juveniles ages 15 to 17 decreased from 11,294 in 2003 to 7,479 in 2012, a 33.8% decrease.

Total arrests for juveniles age 18 and over decreased from 96 in 2003 to 55 in 2012, a 42.7% decrease.

From 2003 through 2012, total arrests for person offenses decreased from 1,719 to 870, a 49.4% decrease.

Total arrests for drug offenses decreased from 1,395 in 2003 to 975 in 2012, a 30.1% decrease.

Total arrests for property offenses decreased from 3,259 in 2003 to 2,100 in 2012, a 35.6% decrease.

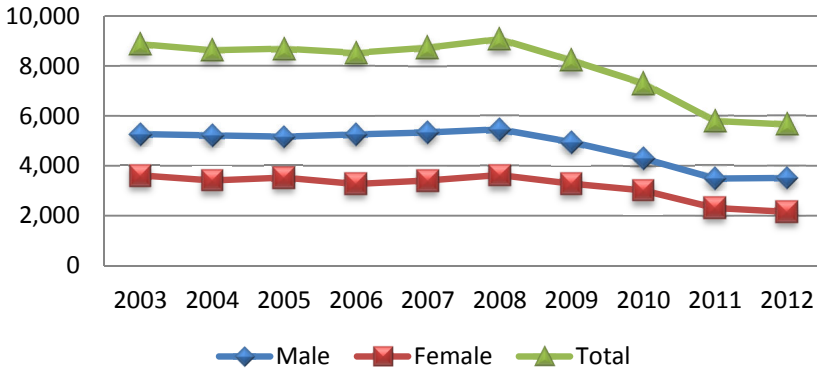

Total arrests for status offenses decreased from 8,566 in 2003 to 5,765 in 2012, a 32.7% decrease.

Kauai County, Individual Juveniles Confined to the Hawaii Youth Correctional Facility, 2003-2012

The number of juveniles confined to HYCF decreased from 30 in 2003 to 7 in 2012, a 76.6% decrease.

The number of males confined to HYCF decreased from 20 in 2003 to 4 in 2012, an 80.0% decrease.

The number of females confined to HYCF decreased from 10 in 2003 to 3 in 2012, a 70.0% decrease.

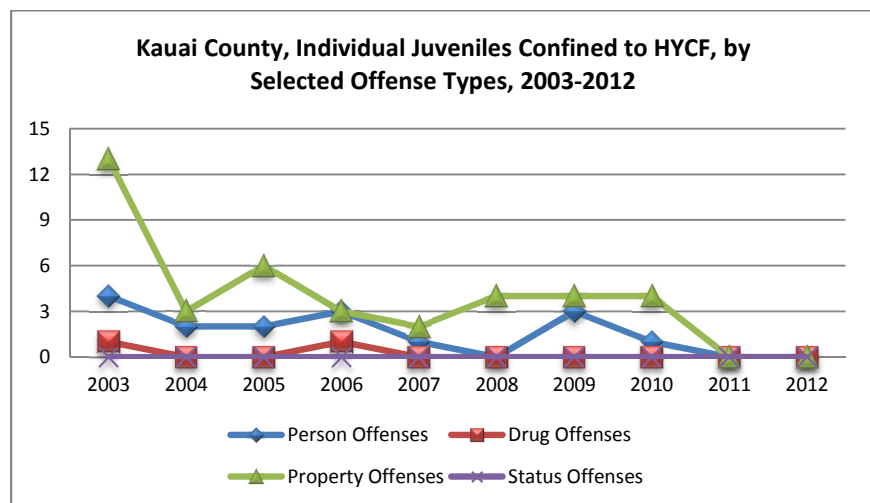

From 2003 through 2012, no juveniles age 11 and under were confined to HYCF.

The number of juveniles confined to HYCF ages 12 to 14 decreased from 3 in 2003 to 1 in 2012, 66.7% decrease.

The number of juveniles confined to HYCF ages 15 to 17 decreased from 26 in 2003 to 4 in 2012, an 84.6% decrease.

The number of juveniles confined to HYCF age 18 and over increased from 1 in 2003 to 2 in 2012, a 100.0% increase.

From 2003 through 2012, the number of juveniles confined to HYCF for person offenses decreased from 4 to 0.

The number of juveniles confined to HYCF for drug offenses decreased from 1 in 2003 to 0 in 2012.

The number of juveniles confined to HYCF for property offenses decreased from 13 in 2003 to 0 in 2012.

No juveniles were confined to HYCF for status offenses.

APPENDIX I

JUVENILE JUSTICE SYSTEM STAGES

In order to examine trends pertaining to the seven major offense categories outlined in this report, data were extracted from Hawaii's JJIS for the years 2003 to 2012. Typically, studies on juvenile delinquency only examine arrest trends. However, there are nine sequential stages in the juvenile justice system, each of which provides important information. Each stage in the system represents a deeper, more severe systemic level. In other words, as a juvenile "progresses" through the juvenile justice system, he or she moves to a more serious sector of the system. Statistics are provided for five out of the nine stages in this report, are bolded, and are subsequently defined below (waivers to adult court, while important, are not addressed in this report because their numbers are perennially extremely small in the State of Hawaii).

Nine Stages of the Juvenile Justice System:

- | | | |
|-----------------------------|--|----------------------------------|
| 1. Arrest | 4. Detention | 7. New Probation |
| 2. Referral to Family Court | 5. New Petition/Charges Filed | 8. Confinement (HYCF) |
| 3. Diversion from petition | 6. Adjudication and found responsible | 9. Transfer/waive to adult court |

Standard Definitions for Five Selected Stages in the Juvenile Justice System

Arrest	Juveniles are considered to be arrested when law enforcement agencies detain them for status offenses or law violations. Additionally, the arrest statistics in this report include "non-custody arrests," a JJIS term used when a law enforcement agency does not detain the juvenile but refers the case to the Family Court or prosecutors' office. Status offenses are those acts prohibited by law because of a juvenile's age.
New Petition/ Charges Filed	Formally charged cases are those that appear on a court calendar in response to the filing of a petition, complaint, or other legal instrument requesting the court to adjudicate a juvenile as a law violator or status offender, or to waive jurisdiction and transfer a juvenile to criminal court. Petitioning occurs when a juvenile court intake officer, prosecutor, or other official determines that a case should be handled formally. (In contrast, informal handling is voluntary and does not include the filing of charges.)
Adjudication/ Delinquent Findings	Juveniles are judged or found to be responsible during adjudicatory hearings in Family Court. Being found (or adjudicated) responsible is equivalent to being convicted in criminal court. If found to be responsible, juveniles normally proceed to disposition hearings where they may be placed on probation, committed to residential facilities, ordered to perform community service, or various other sanctions. (In this report, the findings at this stage represent the number of juveniles adjudicated (found responsible), as opposed to those who go through an adjudicatory hearing and are not found responsible).

New Probation	Probation cases are those in which a juvenile is placed on formal or court-ordered supervision following a juvenile court disposition. Status offenders are placed on “protective supervision” rather than probation. The probation numbers in this report reflect “new” probation cases, meaning only those juveniles who were placed on probation within each calendar year (as opposed to those who were already on probation the previous year and continued into the year under study). On occasion when an individual is eighteen years old or over, jurisdiction is extended when treatment cannot be completed before the juvenile turns eighteen or there is extensive restitution ordered.
Confinement in secure correctional facilities (HYCF)	Confinement cases are those in which, following a court disposition, juveniles are placed in the secure Hawaii Youth Correctional Facility (HYCF). Juveniles committed to short-term, minority, and majority commitments to HYCF are all included in this category.

(Gonzales, Schofield, & Flores, 2006, p. 1-7, 1-8).

TOTAL AND INDIVIDUAL COUNTS

In this report, offense trends are measured by counting both the unique number of individuals who move through selected stages of the juvenile justice system, as well as the combined number of times all juveniles advance through these five stages. For example, if a juvenile was adjudicated three times in a given year, he or she would be counted all three times when examining “Total Adjudications” for that year. However, when examining “Individual Juveniles Adjudicated,” that juvenile would only be counted once, and only for his or her most serious offense, within that calendar year.

The data are being analyzed in these two ways in order to illustrate the total amount of delinquency that impacts Hawaii communities and the juvenile justice system (measured through “Total” counts), and to illustrate the unique number of juveniles within Hawaii’s juvenile justice system (“Individual” counts).

OFFENSE HIERARCHY

In order to determine the number of *individuals* moving through different stages of Hawaii’s juvenile justice system, an offense ranking hierarchy was developed. A general hierarchal ranking of offenses was determined by prioritizing person and sex offenses and “Other” offenses. However, additional facts were considered, including the severity of offense (*e.g.*, “Assault 1 and 2” were grouped together and ranked ahead of “Assault 3”; “Sex Assault 1 and 2” were grouped together and ranked ahead of “Sex Assault 3” and “Sex Assault 4”).

As an example, if a juvenile was adjudicated three times in a year for Assault 2, Theft 1, and Runaway, the adjudication that would count in analyses that document *individual counts* for this report would be “Assault 2” (defined as “Assault 1 or 2”) based on this report’s hierarchal system. Obviously, this hierarchy is not necessary when examining *total counts*, since all offenses are counted for that methodology. The complete hierarchy of offenses is presented below (offense hierarchy was determined by the JJIC Research Subcommittee).

Juvenile Offense Hierarchy

1. Homicide	15. Terroristic Threatening 2	29. Open Lewdness
2. Sex Assault 1 or 2	16. Harmful Drugs	30. Parole Violation
3. Assault 1 or 2	17. Detrimental Drugs 1	31. Furlough Violation
4. Kidnapping	18. Theft 1 or 2	32. Probation Violation
5. Robbery	19. Computer/credit card fraud	33. Protective Supervision Violation
6. Dangerous Drugs	20. Harassment	34. Runaway
7. Burglary	21. Weapons (misdemeanor)	35. Truancy
8. Sex Assault 3	22. Detrimental Drug 2 or 3	36. Beyond Parental Control
9. UEMV/UCPV*	23. Alcohol	37. Curfew
10. Sex Assault 4	24. Other Drugs	38. Injurious Behavior
11. Abuse Family Member	25. Theft 3 or 4	39. Person in Need of Supervision
12. Assault 3	26. Other Property	40. Compulsory Attendance
13. Terroristic Threatening 1	27. Prostitution	41. Traffic
14. Weapons (felony)	28. Trespass	42. Other

*UEMV/UCPV = unauthorized entry into motor vehicle/unauthorized control of propelled vehicle

APPENDIX II

CAUTIONARY NOTES ON JUVENILE JUSTICE DATA

Juvenile justice data are often the most widely used information when determining levels of delinquency in various states and jurisdictions. These data help indicate which types of delinquency juveniles engage in, as well as the severity and prevalence of delinquency. In turn, juvenile justice agencies can strategize more intelligently when allocating resources by accounting for their unique circumstances. Juvenile justice data can also be used to advocate for needed services, as community leaders can present the data to potential funding sources when mobilizing for appropriate youth-based services.

Some inherent limitations to justice data need to be explained to point out what the data in this report do and do not capture. Five frequently cited limitations of justice records include:

1. Not all crime victims report their victimization to the police. Hence, many acts of delinquency are not investigated, let alone adjudicated.
 2. Official records only document juveniles who have been “caught” and processed through the system. Juveniles who have been arrested, petitioned, adjudicated, put on probation, or incarcerated may be socially different from those who were never apprehended.
 3. Official records may reflect stronger enforcement. For example, if a community or county is especially concerned about a particular type of delinquency, police and courts may act in a more aggressive and punitive manner when addressing those offenses. Shifts in enforcement can vary by time and locale.
 4. Official data tend to undercount victimless crimes; for example, drug and alcohol use.
 5. Official data rarely account for offenders’ prior victimization, which frequently offers important reasons as to why many juveniles engage in various types of delinquency.
- (Gove, Hughes, & Geerken, 1985; Hindeland, Hirschi & Weis, 1981).

Again, these limitations vary from state to state and do not suggest that official justice records are faulty or misleading. It is, however, necessary to point out these limitations so readers know that other forms of data exist that can help to augment official juvenile justice records.

Self-report data, for instance, are generally acquired through confidential or anonymous surveys outside of the justice system (*e.g.*, in school or community-based settings). Data from self-report studies expand an understanding of delinquency in different communities, as the juveniles who participate in these research projects are not limited to those who have been apprehended by police or other enforcement agencies. Most self-report studies show that the proportion of juveniles who commit minor forms of delinquency is larger than the general public believes. Conversely, self-report studies also show that the proportion of juveniles engaging in more serious forms of delinquency (*e.g.*, violent offenses) is far smaller than generally believed by the public. Like juvenile justice studies, however, self-report studies have their own limitations.

In most cases, juveniles who complete anonymous or confidential surveys are required to attain permission from a parent or legal guardian. Thus, those juveniles who did not want to participate, were not responsible enough to return completed permission forms, or whose parents or guardians did not

want them to participate are excluded. Additionally, juveniles who complete these surveys may not always be honest in their answers despite guarantees of confidentiality or anonymity. Still, self-report data offer a related snapshot of community concerns and are valuable when coupled with official juvenile justice information. Hence, it is suggested that readers supplement the information presented in this report with youth-based self-report studies conducted in Hawaii.

APPENDIX III

ETHNICITY

JJIS currently accounts for 40 different ethnic groups. In the case that a juvenile comes from more than one ethnic group, JJIS member organizations can enter up to five ethnic groups for each juvenile. The table presented below offers an explanation for each ethnic group presented in this report. Juveniles who are designated solely “Hawaiian,” as well as those designated “Hawaiian” with any other ethnic group have been categorized into one “Hawaiian/part-Hawaiian” group.

JJIS Ethnic Groups

African American	Black
	Jamaican
Caucasian (Also includes “Greek,” “Portuguese,” “Middle Eastern,” and “Mixed Caucasian.”)	Caucasian
	Greek
	Portuguese
	Middle Eastern
Latino/Hispanic (Also includes “Cuban,” “Hispanic,” “Mexican,” “Panamanian,” Puerto Rican,” “Spanish,” “Guatemalan,” “Other Hispanic/Latino,” and any mix of the groups in this category.)	Cuban
	Hispanic
	Mexican
	Other Hispanic/Latino
	Panamanian
	Puerto Rican
	Spanish
Chinese	Guatemalan
	Chinese
Filipino	Filipino
Japanese	Japanese
Korean	Korean
Other Asian/Mixed Asian (Including “Burmese,” “Cambodian,” “East Indian,” “Indonesian,” “Laotian,” “Malayan,” “Other Asian,” “Thai,” “Vietnamese,” “Mixed Asian” (including “Chinese,” “Filipino,” “Japanese,” “Korean.”))	Burmese
	Cambodian
	East Indian
	Indonesian
	Laotian
	Malayan
	Other Asian
	Thai
