JUVENILE DELINQUENCY TRENDS IN HAWAII DATA BOOK FOR 2007-2016

Prepared by Maria Nerissa Sadaya-Ibus
Juvenile Justice Research Analyst
Juvenile Justice Information System
Crime Prevention and Justice Assistance Division
June 2018

PREFACE

The State of Hawaii, Juvenile Justice Information System (JJIS) is the nation's first statewide database that organizes and synthesizes information gathered by all county police departments, family courts, departments of the prosecuting attorney, and the juvenile correctional facility within the state. Hawaii's JJIS is managed by the Department of the Attorney General, Crime Prevention and Justice Assistance Division. Management of JJIS includes ensuring information system security measures, correcting data errors, and utilizing the information for research purposes that ultimately aim to reduce recidivism and juvenile delinquency.

With regard to research, JJIS data can be used to inform JJIS member agencies of juvenile justice trends and assist those agencies in planning efforts that reduce and prevent juvenile delinquency. This report provides information on juvenile justice trends in Hawaii's four counties:

- City and County of Honolulu (the island of Oahu)
- Maui County (includes the islands of Maui, Lanai, and Molokai)
- Hawaii County
- Kauai County

The data presented in this report illustrate similarities and differences between Hawaii's four counties, and provide detailed information on various offense categories, age, ethnicity, and gender. Furthermore, data are presented through "individual" counts (*i.e.*, the number of unique juveniles at each stage of the juvenile justice system per year), and "total" counts (*i.e.*, the total number of offenses documented at each decision point of the juvenile justice system per year).

"Individual" counts allow readers to see how many unique juveniles process through each decision point of the juvenile justice system annually, irrespective of how many times each juvenile is arrested, adjudicated, placed on probation, etc. "Total" counts allow readers to see the total amount of delinquency reported annually by way of arrests, irrespective of how many unique individuals are arrested by police. Likewise, "total" counts illustrate the annual volume of cases processed through the petition, adjudication, probation, and incarceration decision points, irrespective of how many unique individuals process through these decision points.

JJIS is a unique system, not only because it is the only system nationally that includes statewide information from all of Hawaii's juvenile justice agencies, but because it can provide this "individual" count of juveniles at each decision point in the system. Most data references provide "total" counts, but very few can provide the "individual" counts on a statewide basis. This makes JJIS an important data source for future research studies.

Any suggestions for future research analysis for the annual JJIS data book are very much welcomed. Please contact the JJIS Coordinator, Stuart Okumura via email at Stuart.K.Okumura@hawaii.gov.

EXECUTIVE SUMMARY

This report summarizes juvenile justice data for the State of Hawaii and each of the state's four counties. Data in this report cover Calendar Years 2007-2016. Information for five key decision points in the juvenile justice system: arrest, petition, adjudication, probation, and confinement are presented. For each of these decision points, data are reported for the total number of times all juveniles move through each decision point, as well as the unique number of juveniles who move through each decision point. This report also presents data on gender, age, ethnicity, and offense type.

The data for this report were drawn from the Department of the Attorney General's Juvenile Justice Information System (JJIS), which is the nation's first statewide database that organizes information gathered by all county police departments, family courts, departments of the prosecuting attorney, and the juvenile correctional facility within the state.

KEY FINDINGS

The State of Hawaii saw a decrease in the total number of arrests, petitions, adjudications, new probations, and confinements to the Hawaii Youth Correctional Facility (HYCF) from 2007 through 2016. Total arrests decreased 48.9%; total petitions, 66.7%; total adjudications, 65.4%; total new probation sentences, 66.7%; and total confinements to HYCF, 67.5%. Total arrests decreased 49.9% and 47.5% for males and females, respectively. Total petitions decreased 67.2% for males and 65.2% for females. Total male adjudications decreased 64.9% while total female adjudications decreased 66.3%. Total new probation sentences decreased 66.7% for males and decreased 61.9% for females. Total confinements to HYCF decreased 64.3% and 78.4% for males and females, respectively.

The City and County of Honolulu experienced a decrease in the total number of arrests, petitions, adjudications, new probation sentences, and confinements to HYCF from 2007 through 2016. Total confinements to HYCF for property offenses decreased 31.6% during the same time period despite an increase in 2013.

Maui County witnessed a decrease in the total number of arrests, petitions, adjudications, new probation sentences, and confinements to HYCF from 2007 through 2016.

Hawaii County saw a decrease in the total number of arrests, petitions, adjudications, and confinements to HYCF. The total number of new juvenile probation sentences decreased 28.3% from 2007 through 2016, despite an increase in 2013. Total probation sentences for property offenses decreased 43.8% despite an increase in 2010 during the same time period.

Kauai County saw a 15.4% decrease in total arrests from 2007 through 2016, however, the total number of arrests for drug offenses rose 166.1% during the same period. Total juvenile petitions decreased 59.5% despite an increase in 2011 and total new probation sentences remained the same at 35 despite an increase to 73 in 2013.

For each of Hawaii's four counties, data cover "total" counts, followed by "individual" counts for each of the five selected juvenile justice decision points (arrest, petition, adjudication, probation, and confinement to HYCF; see Appendix I for definitions, page 123). Due to their small annual numbers, "individual" juvenile waivers to adult court are presented in abbreviated tables for the State of Hawaii and all four counties (page 117).

METHODOLOGY AND KEY TERMS

OFFENSE CATEGORIES

The major offense categories for this report are organized into seven groups. Each major offense category is comprised of related types of delinquency. The seven major categories and their respective delinquency offenses are listed below, along with a narrative description. The specific offenses within each major category are listed in order of severity (as determined by the JJIC Research Subcommittee), with the most severe being the highest ranked within each major category. Thus, those offenses are reported under the seven major offense categories (person, sex, drug, weapons/intimidation, property, status, and other):

Person Offenses: Person offenses include offenses that involve detrimental physical contact acted upon a victim by the offender.

Homicide (e.g., murder, negligent homicide).

Assault 1 or 2 offenses occur when there is “serious” or “substantial” bodily injury intentionally or knowingly inflicted on another person, respectively. [Starting in 2007, a criminal offense involving a person intentionally (or) knowingly causing bodily injury to any emergency medical services personnel who is engaged in the performance of duty would be charged with assault in the second degree. Starting in 2003, a criminal offense involving assault of a police officer or educational worker who is engaged in the performance of his/her duties was deemed a class C felony, or assault in the second degree]. They are both felony offenses and have been combined for this report (see Appendix I for further explanation).

Kidnapping occurs when a person intentionally or knowingly restrains another person with intent to use that person as a shield or hostage, inflict bodily injury upon that person or subject that person to a sexual offense, or terrorize that person.

Robbery includes acts in which a person uses force against another person with the intent to overcome that person’s physical resistance (or threatens to do so) in the course of committing theft.

Abuse of Family Member includes offenses for which any person physically abuses a family or household member.

Assault 3 includes offenses in which a person intentionally, knowingly, or recklessly causes bodily injury to another person, or does so negligently with a dangerous instrument. This is a misdemeanor offense.

Sex Offenses: Sex offenses are violent/person offenses (categorized separately for this report from the previous category of “Person Offenses”).

Sexual Assault 1 or 2 occurs when a person knowingly subjects another person to an act of sexual penetration by strong compulsion. They are both felony offenses and have been combined for this report (see Appendix I for further explanation).

Sexual Assault 3 occurs when a person recklessly subjects another person to an act of sexual penetration by compulsion. It is also a felony offense.

Sexual Assault 4 occurs when a person subjects another person to sexual contact by compulsion or causes another person to have sexual contact with the person by compulsion, and is a misdemeanor offense.

JUVENILE JUSTICE DATA

Data for this project were extracted at five different decision points within the juvenile justice system:

- (1) arrest;
- (2) petition/charge filed;
- (3) adjudication;
- (4) probation; and
- (5) commitment to the Hawaii Youth Correctional Facility (HYCF).

Other decision points within the juvenile justice system exist (see Appendix I, page 123). The JJIC Research Subcommittee determined that yearly trends from the five decision points outlined above would be the most useful for the JJIS member agencies and other practitioners in Hawaii’s juvenile justice field.

Prostitution includes offenses for which a person engaged in, or agreed to engage in, sexual conduct with another person for a fee.

Open Lewdness includes offenses in which a person performed any lewd act which is likely to be observed by others who would be affronted or alarmed.

Drug Offenses: Drug Offenses include all “PUP” offending activities (*i.e.*, “possession,” “use,” or “purchase” of illicit substances), as well as drug trafficking.

Dangerous Drug offenses (*e.g.*, crystal methamphetamine, cocaine);

Harmful Drug offenses (*e.g.*, prescription medications that can act as depressants, stimulants, or have other sensational effects);

Detrimental 1 Drug offenses (*e.g.*, trafficking or marijuana);

Detrimental 2 or 3 Drug offenses (*e.g.*, PUP of marijuana);

Alcohol offenses (includes prohibitions); and

Other Drug offenses (*e.g.*, drug paraphernalia).

Weapons/Intimidation Offenses: Weapons/Intimidation offenses include weapons and/or no physical contact or relatively minor physical contact (*e.g.*, pushing, shoving).

Terroristic Threatening 1 includes offenses in which a person threatens, by word or conduct, to cause bodily injury to another person or serious damage to the property of another. Terroristic Threatening 1 is a felony C offense pertaining primarily to victims who are public servants, such as an educational administrator, counselor, or teacher, and/or involves threatening another person on more than one occasion for the same or similar purpose.

Weapons (felony) offenses involve unlawful possession of deadly weapons, such as firearms, explosives, or other destructive devices.

Terroristic Threatening 2 does not involve public servants or repeated incidences. It is a misdemeanor offense.

Harassment includes offenses in which a person commits the following types of act(s) on another—strikes, shoves, kicks, or offensive touching, insults, taunts, or challenges intended to provoke a violent response, or other offensive forms of communication (*e.g.*, telephone calls, facsimile transmissions).

Weapons (misdemeanor) offenses involve possession of prohibited weapons such as knives or brass knuckles. Misdemeanor weapons offenses can also include possession of deadly weapons, though in a less dangerous context.

Property Offenses: Property offenses include offenses involving theft or damage to another’s property.

Burglary offenses apply when a person intentionally enters or remains unlawfully in a building, with intent to commit a crime against a person or against property rights.

Unauthorized Entry Motor Vehicle/Unauthorized Control of a Propelled Vehicle (UEMV/UCPV) offenses include those in which a person exerts unauthorized control over another’s vehicle without the owner’s consent, or enters the vehicle to steal it, part of it, or property within it.

Theft 1 or 2 offenses involve theft without force. Theft 1 applies when the value of the stolen item(s) exceeds \$20,000 or is a firearm; Theft 2 applies when the value of the stolen item(s) exceeds \$300. Theft 1 and 2 are both felony offenses.

Computer/Credit Card Fraud includes offenses in which a person knowingly accesses a computer without authorization and, by means of such conduct, obtains or exerts control over the property of another, knowingly accesses a computer, computer system or network without authorization. Credit card fraud involves the unauthorized use of another’s credit card or the card’s number to obtain money, goods, services, or anything else of value.

Theft 3 or 4 offenses also involve theft without force of items of lesser value. Theft 3 applies when the value of the item(s) exceeds \$100. Theft 4 applies when the value is less than \$100. Both are

misdemeanor offenses.

Other Property offenses are those that do not fall into the above offenses (e.g., arson, criminal property damage) and where a person intentionally damages or exerts control over another's property without permission.

Status Offenses: Status Offenses include offenses that are only prohibited because they are committed by someone under age eighteen. "Prohibitions" are sometimes included in the status offense category, but for this report are included in the category of drug offenses.

Runaway offenses pertain to juveniles who are absent from home without parental permission.

Truancy offenses pertain to juveniles who leave school without the permission of the school or a parent/guardian.

Beyond Parental Control applies when a parent or legal guardian deems their child beyond their control and require police intervention.

Curfew offenses occur when a juvenile under age sixteen goes or remains on any public street, highway, public place, or private place held open to the public after ten o'clock in the evening and before four o'clock in the morning, unaccompanied by a parent, guardian, or adult person authorized to accompany the child.

Injurious Behavior offenses occur when a juvenile is deemed a danger to him- or herself.

Protective Supervision Violation offenses are akin to probation violations, but apply to status offenders.

Other Offenses: These include all other offenses that did not fall into the above major offense categories.

Parole Violation occurs when a juvenile violates the conditions of his/her release from incarceration to parole.

Probation Violation occurs when a juvenile violates the conditions of his/her probation sentence.

Traffic offenses include a wide variety of driving offenses, including but not limited to speeding, driving without a license, reckless driving, inattention to driving, etc.

Other offenses include offenses that do not fall into any of the above major offense categories or subcategories. These offenses include "disorderly conduct" and many county ordinances (e.g., skateboarding on sidewalk, fireworks violations, park or fishing ordinance violations).

State of Hawaii, Total Arrests, by Gender, 2007-2016

- Total juvenile arrests decreased from 18,396 in 2007 to 9,385 in 2016, a 48.9% decrease.
- Total male arrests decreased from 11,478 in 2007 to 5,750 in 2016, a 49.9% decrease.
- Total female arrests decreased from 6,914 in 2007 to 3,632 in 2016, a 47.5% decrease.

State of Hawaii, Total Arrests, by Age, 2007-2016

- From 2007 through 2016, total arrests for juveniles age 11 or under decreased from 491 to 347, a 29.3% decrease.
- Total arrests for juveniles ages 12 to 14 decreased from 5,978 in 2007 to 2,934 in 2016, a 50.9% decrease.
- Total arrests for juveniles ages 15 to 17 decreased from 11,801 in 2007 to 6,052 in 2016, a 48.7% decrease.
- Total arrests for juveniles age 18 and over decreased from 126 in 2007 to 52 in 2016, a 58.7% decrease.

State of Hawaii, Total Arrests, by Selected Offense Types, 2007-2016

- From 2007 through 2012, total arrests for person offenses decreased from 1,459 to 707, a 51.5% decrease.
- Total arrests for drug offenses decreased from 1,482 in 2007 to 1,091 in 2016, a 26.4% decrease.
- Total arrests for property offenses decreased from 3,880 in 2007 to 1,291 in 2016, a 66.7% decrease.
- Total arrests for status offenses decreased from 8,773 in 2007 to 4,918 in 2016, a 43.9% decrease.

Kauai County, Individual Juveniles Confined to HYCF, by Selected Offense Types, 2007-2016

- From 2007 through 2016, the number of juveniles confined to HYCF for person offenses decreased from 1 to 0.
- The number of juveniles confined to HYCF for drug offenses remained steady at 0, from 2007 through 2016.
- The number of juveniles confined to HYCF for property offenses decreased from 2 in 2007 to 1 in 2016, a 50.0% decrease.
- No juveniles were confined to HYCF for status offenses from 2007 through 2016.

APPENDIX I

JUVENILE JUSTICE SYSTEM DECISION POINTS

In order to examine trends pertaining to the seven major offense categories outlined in this report, data were extracted from Hawaii’s JJIS for the years 2007 to 2016. Typically, studies on juvenile delinquency only examine arrest trends. However, there are nine sequential decision points in the juvenile justice system, each of which provides important information. Each decision point in the system represents a deeper, more severe systemic level. In other words, as a juvenile “progresses” through the juvenile justice system, he or she moves to a more serious sector of the system. Statistics are provided for five out of the nine decision points in this report, are bolded, and are subsequently defined below (waivers to adult court, while important, are not addressed in this report because their numbers are perennially extremely small in the State of Hawaii).

Nine Decision Points of the Juvenile Justice System:

1. **Arrest**
2. Referral to Family Court
3. Diversion from petition
4. Detention
5. **New Petition/Charges Filed**
6. **Adjudication and found responsible**
7. **New Probation**
8. **Confinement (HYCF)**
9. Transfer/waive to adult court

Standard Definitions for Five Selected Decision Points in the Juvenile Justice System

ARREST

Juveniles are considered to be arrested when law enforcement agencies detain them for status offenses or law violations. Additionally, the arrest statistics in this report include “non-custody arrests,” a JJIS term used when a law enforcement agency does not detain the juvenile but refers the case to the Family Court or prosecutor’s office. Status offenses are those acts prohibited by law because of a juvenile’s age.

NEW PETITION/CHARGES FILED

Formally charged cases are those that appear on a court calendar in response to the filing of a petition, complaint, or other legal instrument requesting the court to adjudicate a juvenile as a law violator or status offender, or to waive jurisdiction and transfer a juvenile to criminal court. Petitioning occurs when a juvenile court intake officer, prosecutor, or other official determines that a case should be handled formally. (In contrast, informal handling is voluntary and does not include the filing of charges.)

ADJUDICATION/DELINQUENT FINDINGS

Juveniles are judged or found to be responsible during adjudicatory hearings in Family Court. Being found (or adjudicated) responsible is equivalent to being convicted in criminal court. If found to be responsible, juveniles normally proceed to disposition hearings where they may be placed on probation, committed to residential facilities, ordered to perform community service, or various other sanctions. (In this report, the findings at this decision point represent the number of juveniles adjudicated (found responsible), as opposed to those who go through an adjudicatory hearing and are not found responsible).

NEW PROBATION

Probation cases are those in which a juvenile is placed on formal or court-ordered supervision following a juvenile court disposition. Status offenders are placed on “protective supervision” rather than probation. The probation numbers in this report reflect “new” probation cases, meaning only those juveniles who were placed on probation within each calendar year (as opposed to those who were already on probation the previous year and continued into the year under study). On occasion when an individual is eighteen years old or over, jurisdiction is extended when treatment cannot be completed before the juvenile turns eighteen or there is extensive restitution ordered.

CONFINEMENT IN SECURE CORRECTIONAL FACILITIES (HYCF)

Confinement cases are those in which, following a court disposition, juveniles are placed in the secure Hawaii Youth Correctional Facility (HYCF). Juveniles committed to short-term, minority, and majority commitments to HYCF are all included in this category.

(Gonzales, Schofield, & Flores, 2006, p. 1-7, 1-8).

TOTAL AND INDIVIDUAL COUNTS

In this report, offense trends are measured by counting both the unique number of individuals who move through selected decision points of the juvenile justice system, as well as the combined number of times all juveniles advance through these five decision points. For example, if a juvenile was adjudicated three times in a given year, he or she would be counted all three times when examining “Total Adjudications” for that year. However, when examining “Individual Juveniles Adjudicated,” that juvenile would only be counted once, and only for his or her most serious offense, within that calendar year.

The data are being analyzed in these two ways in order to illustrate the total amount of delinquency that impacts Hawaii communities and the juvenile justice system (measured through “Total” counts), and to illustrate the unique number of juveniles within Hawaii’s juvenile justice system (“Individual” counts).

OFFENSE HIERARCHY

In order to determine the number of *individuals* moving through different decision points of Hawaii’s juvenile justice system, an offense ranking hierarchy was developed. A general hierarchal ranking of offenses was determined by prioritizing person and sex offenses and “Other” offenses. However, additional facts were considered, including the severity of offense (e.g., “Assault 1 and 2” were grouped together and ranked ahead of “Assault 3”; “Sex Assault 1 and 2” were grouped together and ranked ahead of “Sex Assault 3” and “Sex Assault 4”).

As an example, if a juvenile was adjudicated three times in a year for Assault 2, Theft 1, and Runaway, the adjudication that would count in analyses that document *individual counts* for this report would be “Assault 2” (defined as “Assault 1 or 2”) based on this report’s hierarchal system. Obviously, this hierarchy is not necessary when examining *total counts*, since all offenses are counted for that methodology. The complete hierarchy of offenses is presented below (offense hierarchy was determined by the JJIC Research Subcommittee).

Juvenile Justice Offense Hierarchy

1. Homicide
2. Sex Assault 1 or 2
3. Assault 1 or 2
4. Kidnapping
5. Robbery
6. Dangerous Drugs
7. Burglary
8. Sex Assault 3
9. Unauthorized Entry into Motor Vehicle/Unauthorized Control of Propelled Vehicle
10. Sex Assault 4
11. Abuse Family Member
12. Assault 3
13. Terroristic Threatening 1
14. Weapons (felony)
15. Terroristic Threatening 2
16. Harmful Drugs
17. Detrimental Drugs 1
18. Theft 1 or 2
19. Computer/Credit Card Fraud
20. Harassment
21. Weapons (misdemeanor)
22. Detrimental Drug 2 or 3
23. Alcohol
24. Other Drugs
25. Theft 3 or 4
26. Other Property
27. Prostitution
28. Trespass
29. Open Lewdness
30. Parole Violation
31. Furlough Violation
32. Probation Violation
33. Protective Supervision Violation
34. Runaway
35. Truancy
36. Beyond Parental Control
37. Curfew
38. Injurious Behavior
39. Person in Need of Supervision
40. Compulsory Attendance
41. Traffic
42. Other

APPENDIX II

CAUTIONARY NOTES ON JUVENILE JUSTICE DATA

Juvenile justice data are often the most widely used information when determining levels of delinquency in various states and jurisdictions. These data help indicate which types of delinquency juveniles engage in, as well as the severity and prevalence of delinquency. In turn, juvenile justice agencies can strategize more intelligently when allocating resources by accounting for their unique circumstances. Juvenile justice data can also be used to advocate for needed services, as community leaders can present the data to potential sources when mobilizing for appropriate youth-based services.

Some inherent limitations to justice data need to be explained to point out what the data in this report do and do not capture. Five frequently cited limitations of justice records include:

1. Not all crime victims report their victimization to the police. Hence, many acts of delinquency are not investigated, let alone adjudicated.
2. Official records only document juveniles who have been “caught” and processed through the system. Juveniles who have been arrested, petitioned, adjudicated, put on probation, or incarcerated may be socially different from those who were never apprehended.
3. Official records may reflect stronger enforcement. For example, if a community or county is especially concerned about a particular type of delinquency, police and courts may act in a more aggressive and punitive manner when addressing those offenses. Shifts in enforcement can vary by time and locale.
4. Official data tend to undercount victimless crimes; for example, drug and alcohol use.
5. Official data rarely account for offenders’ prior victimization, which frequently offers important reasons as to why many juveniles engage in various types of delinquency.

(Gove, Hughes, & Geerken, 1985; Hindeland, Hirschi, & Weis, 1981)

Again, these limitations vary from state to state and do not suggest that official justice records are faulty or misleading. It is, however, necessary to point out these limitations so readers know that other forms of data exist that can help to augment official juvenile justice records.

Self-report data, for instance, are generally acquired through confidential or anonymous surveys outside of the justice system (e.g., in school or community-based settings). Data from self-report studies expand an understanding of delinquency in different communities, as the juveniles who participate in these research projects are not limited to those who have been apprehended by police or other enforcement agencies. Most self-report studies show that the proportion of juveniles who commit minor forms of delinquency is larger than the general public believes. Conversely, self-report studies also show that the proportion of juveniles engaging in more serious forms of delinquency (e.g., violent offenses) is far smaller than generally believed by the public. Like juvenile justice studies, however, self-report studies have their own limitations.

In most cases, juveniles who complete anonymous or confidential surveys are required to attain permission from a parent or legal guardian. Thus, those juveniles who did not want to participate, were not responsible enough to return completed permission forms, or whose parents or guardians did not want them to participate are excluded. Additionally, juveniles who complete these surveys may not always be honest in their answers despite guarantees of confidentiality or anonymity. Still, self-report data offer a related snapshot of community concerns and are valuable when coupled with official juvenile justice information. Hence, it is suggested that readers supplement the information presented in this report with youth-based self-report studies conducted in Hawaii.

APPENDIX III

ETHNICITY

JJIS currently accounts for 40 different ethnic groups. In the case that a juvenile comes from more than one ethnic group, JJIS member organizations can enter up to five ethnic groups for each juvenile. The table presented below offers an explanation for each ethnic group presented in this report. Juveniles who are designated solely “Hawaiian,” as well as those designated “Hawaiian” with any other ethnic group have been categorized into one “Hawaiian/part-Hawaiian” group.

Juvenile Justice Offense Hierarchy

Black	African American
Jamaican	
Caucasian	Caucasian (Also includes "Greek," "Portuguese," "Middle Eastern," and "Mixed Caucasian.")
Greek	
Portuguese	
Middle Eastern	
Cuban	Latino/Hispanic (Also includes "Cuban," "Hispanic," "Mexican," "Panamanian," "Puerto Rican," "Spanish," "Guatemalan," "Other Hispanic/Latino," any mix of the groups in this category.)
Hispanic	
Mexican	
Other Hispanic/Latino	
Panamanian	
Puerto Rican	
Spanish	
Guatemalan	
Chinese	Chinese
Filipino	Filipino
Japanese	Japanese
Korean	Korean
Burmese	Mixed/Other Asian (Including "Burmese," "Cambodian," "East Indian," "Indonesian," "Laotian," "Malayan," "Other Asian," "Thai," "Vietnamese," "Mixed Asian" (including "Chinese," "Filipino," "Japanese," "Korean."))
Cambodian	
East Indian	
Indonesian	
Laotian	
Malayan	
Other Asian	
Thai	
Vietnamese	
Hawaiian	Hawaiian/part-Hawaiian (Includes juveniles designated full or part-Hawaiian. This is the only ethnic group categorized in this manner.)
Samoan	Samoan (Including mixed ancestry including "Samoan" but not "Hawaiian.")
Fijian	Mixed/Other Pacific Islander (Including "Fijian," "Guamanian," "Maori," "Micronesia," "Other Pacific Islander," "Tahitian," "Tongan," mixed within "Pacific Islander" but not including "Samoan.")
Guamanian	
Maori	
Micronesia	
Other Pacific Islander	
Tahitian	
Tongan	
American Indian	Native American
Native Alaskan	
Mixed Other	Mixed Race (Including mixed ancestry between, not within, "African American," "Asian," "Caucasian," "Native American," "Pacific Islander," not including "Hawaiian" or "Samoan.")
Other	All Others
Not Yet Determined	Unknown (Includes juveniles whose ethnicity is designated "Not Yet Determined.")
Missing	No Data Available (Includes juveniles whose ethnicity is missing.)
