

**FY 2025 STOP VIOLENCE AGAINST WOMEN
FORMULA GRANT PROGRAM
INSTRUCTIONS FOR GRANT APPLICATION:
LAW ENFORCEMENT AND PROSECUTION AGENCIES**

APPLICATION DEADLINE: April 22, 2026 at 4:00 p.m.

- A complete application must be emailed to CPJAgants@hawaii.gov by the deadline.
- Do not mail or send hard copies.

The Department of the Attorney General, Crime Prevention and Justice Assistance Division (CPJAD), Grants and Planning Branch is soliciting for applications from State and County government agencies for the STOP Violence Against Women Formula Grant Program.

The Office on Violence Against Women (OVW) is a component of the United States Department of Justice (DOJ). OVW implements the provisions of the Violence Against Women Act (VAWA). VAWA authorized several grant programs that are administered by OVW. One of VAWA's major grant programs is the Services-Training-Officers-Prosecutors (STOP) Violence Against Women Formula Grant Program for states, territories, and tribal entities. The purpose of the grant is to develop and strengthen effective responses to sexual assault, domestic violence, dating violence, and stalking. The STOP Formula Grant Program continues to emphasize the implementation of comprehensive strategies addressing violence against women that are sensitive to the needs and safety of victims and hold offenders accountable for their crimes.

VAWA mandates that STOP funds be distributed according to a formula plan: 25 percent for law enforcement, 25 percent for prosecution, 5 percent to the courts, and 30 percent for non-profit, non-governmental victim service providers. The remaining 15 percent is distributed among service providers and/or criminal justice agencies at the discretion of the state. At least 20 percent of the state's total award must be allocated for projects in 2 or more allocations (victim services, courts, law enforcement, or prosecution) that meaningfully address sexual assault. A minimum of 10 percent from the victim services allocation must be set aside for culturally-specific services.

STOP-funded projects must fall within at least one (1) of the twenty-four (24) federal VAWA Statutory Purpose Areas and at least one (1) of the state Funding Priority Areas for law enforcement and prosecution.

Eligibility:	LAW ENFORCEMENT AND PROSECUTION AGENCIES
Match Requirement:	25 percent in-kind or cash match requirement (Attachment A)
Length of Support:	Project period is from June 1, 2026 to May 31, 2027
FY 2025 Federal Funds Available: (Total)	Law Enforcement = \$267,653 (Total) / Prosecution = \$267,653

Funds are distributed for law enforcement and prosecution through a formula plan in which each department receives a base amount, with the balance of the allocation divided based upon county population. Through a formula distribution, police and prosecutors are able to develop long-term plans for the funds, leverage and coordinate the STOP funds with local resources, and have greater flexibility for use of funds as needs change.

Award amounts for each LE/Prosecution county agency are as follows:

POLICE DEPARTMENTS (Law Enforcement)

PART II. DESCRIPTION OF PROJECT

The following instructions are for the Application for Grant, Part II. Description of Project. The information requested in Sections A. to H. below must be described in detail. Applicants must use Part II. Description of Project (AG/CPJAD #1(a)) template, which is available at <http://ag.hawaii.gov/cpja/gp/>.

OVERVIEW AND TIPS FOR WRITING THIS SECTION:

This section is the most important part of the application because it describes what will be done, who will do it, and justifies the need for the project. Part II. Description of Project follows the Project Effectiveness Model.¹

A. PROBLEM STATEMENT

This section details the problem that is driving the need for the project. The problem statement should demonstrate a thorough understanding of the need or issue and include data and/or empirically-based evidence. This section should NOT be used to describe the project design (goals, objectives, activities, performance measures, etc.).

If this is a continuation project, describe results of previous project period.

The problem statement describes the issue(s) or need(s) addressed by the proposed project by detailing:

1. The nature and/or context of the problem(s) to be addressed.
2. The scope of the problem(s), including the number of people affected by the problem(s), demonstrated by quantitative and/or qualitative data.

The problem statement should include all available pertinent data (i.e., average wait time, specific safety issues, number of arrests, number of agency referrals, caseloads, clearance rates, recidivism rates, etc.) and other indicators that define the problem or need.

3. Current and prior efforts by the applicant and/or other criminal justice agencies to address the problem(s), the limitations of those efforts, and how the proposed project differs from the current and prior efforts.

¹ The model provides a framework for developing a complete project with the ability to evaluate the project's effectiveness. Every section flows from one to the next and is designed to provide feedback on the status of the project. For more information on the Project Effectiveness Model and Effective Grant Writing go to <http://ag.hawaii.gov/cpja/gp/effective-grant-writing-training/>.

4. A description of the population affected by the problem(s) and/or the segments of the criminal justice system affected by the problem(s).
5. The geographic scope of the problem(s), i.e., specific counties/locations versus statewide.
6. A rationale for the importance of addressing the problem(s) now, including a projection of what might happen if the project's proposed intervention is not implemented.
7. If this is a continuation project, include a brief statement discussing the current problems in light of previous years' accomplishments.

B. GOALS AND OBJECTIVES

This section should be limited to a precise statement of the specific project goals and objectives that will help to solve or overcome the problem(s) described above. The following may serve as a guide with regard to definition of terms.

1. **Goal(s):** A goal is a general statement of overall purpose of the project. Avoid using multiple sentences or a paragraph to describe the goal of the project. Effective grant proposals summarize the goal into one sentence that describes the foundational purpose for addressing the problem/need.

Violence Against Women goals generally fall into two categories:

- a. Crime-oriented (example: to reduce the occurrence of stalking incidents on college campuses).
 - b. System improvement (example: to improve the collection of forensic evidence of sexual assault victims).
2. **Objective(s):** An objective is a specific statement of measurable results to be achieved within a stated period of time. Objectives are reflections of the goal statement and tells the application reviewer what the project intends to accomplish.

An objective has the following characteristics:

- Specific (identifies the result to be achieved)
- Measurable (quantifies how the result will be measured)
- Achievable (demonstrates/implies that the results are possible)
- Realistic (demonstrates/implies that the results are possible under the constraints faced by the applicant or within the project period)
- Time-Sensitive (specifies deadline to reach the result)

Every goal must have at least one objective.

Examples:

- a. *Crime-oriented: To decrease by 25 percent from the previous fiscal year the number of stalking incidents at all community colleges in the State.*

- b. *System improvement: 80 percent of the sexual assault cases where a forensic examination is performed will be accepted for prosecution during the project period.*

C. **PROJECT ACTIVITIES**

Applicants shall provide a clear detailed description of the proposed project activities. Project activities are descriptions of specific actions/steps that the project needs to complete to produce results and to accomplish its stated goal(s) and objective(s).

Activities should be broken down into phases or tasks.

Each objective should have at least one activity to describe how and when it will be addressed during the project.

Depending on the project design, this section should include:

- A detailed description of the **strategy** or method(s) to be implemented to achieve the project's goal(s) and objective(s).
- A description of the **staffing**, including number and type.
- A description of the **target population** to be served and the criteria for selecting this group.
- A description of proposed or existing **Resources** necessary to implement proposed project activities.
- If applicable, a description of any **training or technical assistance** which will be required to complete the work, including the manner in which this training/technical assistance is to be utilized.
- If applicable, a description of **equipment and/or supplies** to be purchased, including a justification of the need for equipment/supplies and an explanation of its proposed use.

Project Activities and Timeline

Applicants must complete the "**Project Activities and Timeline**" Chart, which is available at <http://ag.hawaii.gov/cpja/gp/>. The completed chart shall be attached to application.

The Project Activities and Timeline is a tool for applicants to demonstrate how and when proposed activities will be accomplished. The Project Activities and Timeline should:

- Describe major phases and/or milestones to occur during the project period;
- Provide a listing of project activities needed to reach each milestone;
- Identify the individual(s) responsible for implementing the activity; and
- Identify the anticipated quarter(s) the activity is completed.

A sample timeline is provided as Attachment F.

D. PROJECT ORGANIZATION AND MANAGEMENT

Applicants shall describe the proposed duties and responsibilities of the Project Director and Financial Officer. Indicate to whom the Project Director and Financial Officer reports to and describe how project accountability will be maintained.

E. PERSONNEL

If the project supports full- or part-time personnel (including overtime), applicants shall list all position(s) and shall describe the duties or responsibilities of each proposed position or attach the position description(s).

This section shall include any personnel whose time will be used towards meeting the required agency match.

Additionally, applicants shall also provide:

- The name(s) of staff for each grant funded position to be filled, if already known, and
- Include a brief resume or biography for each person. If the position is vacant, applicants shall indicate that the resume will be submitted upon hire.

F. PARTICIPATING AGENCIES

List all participating State or county agencies and/or non-profit/non-governmental organizations and briefly describe the history of collaboration and the responsibilities of each agency. Include letters of intent, if applicable.

G. PERFORMANCE INDICATORS AND REPORTING

The applicant shall describe the performance indicators that the project will use. Additionally, applicants must complete the chart entitled “**Logic Model – Performance Indicators**”, which is available at <http://ag.hawaii.gov/cpja/gp/>. The completed chart shall be attached to application.

A sample chart is provided as Attachment G.

Performance indicators are explicit measures of an output or an outcome measure that is expected from the performance of the activities. Indicators should specify how the project accomplishments will be documented and overall project performance will be measured, assessed, and evaluated.

Each objective should have at least one performance indicator. Performance indicators do not provide a numerical value, rather it is a description of what numerical data you need to collect to evaluate the impact the project is making.

Identify the individual(s) responsible for the data collection and describe how they will be gathering and reporting data. Performance indicators/outcome measures should cover all major activities that result in the desired objective.

The following are sample performance indicators/outcome measures in the context of a sample objective:

Output Measure is data showing your accomplishments towards project activities and objectives:

- *Number of stalking incidents reported on college campuses as compared to the previous fiscal year.*
 - *Collected through police/campus incident reports by fiscal year.*
- *The number of educational and informational sessions on stalking conducted. Identify date and location of training.*
 - *Collected through internal tracking of confirmed sessions conducted and sign-in sheets.*
- *The number of faculty and students who attended the informational session on the basis of stalking.*
 - *Collected through sign-in sheets and results of survey.*

Outcome Measure is part of the evaluation or outcome of your efforts:

- *Percentage of change in stalking incident reports*
 - *Collected through police/campus incident reports by fiscal year.*
- *Percentage of faculty and students who reported increased awareness and attended the educational and information session on stalking.*
 - *Collected through the Satisfaction Survey provided to participants who attended informational and educational sessions.*

H. PROBABILITY TO IMPROVE THE CRIMINAL JUSTICE SYSTEM

Explain the anticipated benefits and results of the proposed project.

PART III. BUDGET DETAIL, BUDGET NARRATIVE, AND BUDGET SUMMARY

The following instructions are for the Application for Grant, Part III. Budget Detail and Part III. Budget Narrative. The budget detail and narrative should be submitted using the Excel spreadsheet template (AG/CPJAD #1(b) (Rev. 01/2025), which is available at <http://ag.hawaii.gov/cpja/gp/>.

In general, funds under this solicitation may be used to support overtime costs, provide additional personnel, equipment, supplies, contractual support, training, technical assistance, conferences*, and travel expenses for criminal justice agencies.

The Budget Detail shall include computations to clearly show how the costs were derived, including match. The Budget Narrative shall explain how the cost of the budgeted items are reasonable and necessary for the execution and completion of the project. An applicant may include documentation to support the cost or line item.

For additional details on allowable and unallowable usage of grant funds, refer to the most current edition of the [VAWA Frequently Asked Questions \(FAQs\)](#) and the [DOJ Financial Guide](#).

A. SALARIES AND WAGES

The purpose of this section is to identify the position(s) or employee(s) to be supported with grant funds. Overtime and standby costs should also be listed in this section.

* All conferences (defined broadly to include meetings, retreats, seminars, symposiums, events, and group training activity) conducted by Applicant must be held in compliance with conference cost thresholds and limitations for meeting/room audio visual services, logistical planner and programmatic planner limitations. Please refer to the DOJ Grants Financial Guide, Policy and Guidance for Conference Approval, Planning and Reporting, provided in the Resources section of these instructions when planning these types of events. If budget includes conference costs, then the various components to host a conference should be allocated across applicable budget categories (i.e., cost for trainer should be budgeted under ‘Subawards/Procurement Contracts’, facility and audio visual fees under ‘Other’ costs, etc.)

Budget Detail: List the title of the position(s), name of employee (if available), salary, salary rate (i.e., hourly, monthly, or yearly), the time worked (i.e., number of hours, number of months, or year), and the percentage of time to be devoted to the project.

Budget Narrative: Describe the project-related duties of each position/employee and why the position/employee is necessary for the execution and completion of the project.

Restrictions and Notes:

Budget Detail: Describe the purpose of each travel expenditure, identify the location of travel, if known; or if unknown, indicate “location to be determined”, and show the basis of computation separately (i.e., transportation, per diem, mileage, local travel, other). Applicants should use the lowest cost for transportation. Travel costs are calculated by estimating unit cost multiplied by quantity (i.e., units, days of per diem), number of staff traveling, and number of trips.

Budget Narrative: Explain how the costs were estimated and why the travel is necessary for the execution and completion of the project. Proposed travel costs must be reasonable and in accordance with the applying Agency’s established written travel policy. Your agency’s travel policy should be described in the budget narrative. If no policy exists, then the Federal Travel Regulations are to be followed.

Restrictions and Notes:

- Prior approval by the Department of the Attorney General is required for all out-of-state travel.
- Travel expenses associated with subawards, procurement contracts, and/or consultants should be included in the “Consultant Travel” section of the “Subawards (Subgrants)” or Procurement Contracts” cost category, as applicable.
- Vehicle rental for interisland travel is allowable, however for mainland travel, local transportation tends to be the lowest cost (i.e., taxi, shuttle, hotel shuttle, etc.). If vehicle rental for mainland travel is included, justify the need and cost comparison in the budget narrative. Identify the location of travel, if known; or if unknown, indicate “location to be determined.”

D. EQUIPMENT

The purpose of this section is to itemize the equipment (i.e., non-expendable items) to be purchased with grant funds.

² **Consultant Rates:** Consultant services cannot exceed a rate of \$650 (excluding travel and subsistence costs) for an 8-hour day, or \$81.25/hour, without written PRIOR APPROVAL from the Department of the Attorney General, CPJAD. Compensation for individual consultant services is to be reasonable and consistent with that paid for similar services in the marketplace. An 8-hour day may include preparation, evaluation, and travel time in addition to the time required for actual performance. Justification for exceeding the established maximum rate may be included where a rate is established through a competitive bidding process.

If a training/conference/service will be provided as part of the procurement contract, the narrative should identify the topic and provide relevant details.

If available, the applicant should attach the quote from the contractor.

Restrictions and Notes:

- For restrictions on consultant rates, see footnote 2.
- **Consultant Travel:** Expenses related to travel must be listed separately. Itemize the travel costs on the budget detail. Explain the travel purpose, identify the travel destination, and show the basis of computation separately (i.e., transportation, per diem, mileage, local travel, other).

Budget Narrative: Describe the methodology used to allocate the costs to the project (i.e., square footage or full-time equivalents), the basis of the computation, and why the cost is necessary for the execution and completion of the project.

K. INDIRECT COSTS

The purpose of this section is to describe the indirect costs to be supported with grant funds.

Indirect costs are costs of an organization that are not readily assignable to a particular project, but are necessary to the operation of the organization and the performance of the project. Such costs are generally identified with the organization's overall operation and are further described in the Uniform Administrative Requirements, Cost Principles, and Audit Requirements in 2 C.F.R. Part 200 as adopted and supplemented by the Department of Justice in 2 C.F.R. Part 2800 (the "part 200 Uniform Requirements"). Examples of indirect costs include the cost of operating and maintaining facilities, depreciation, and administrative salaries.

Applicants that do not have a federally approved rate may request one through their cognizant federal agency, which will review all documentation and approve a rate for the Applicant organization, or, if the applicant's accounting system permits, costs may be allocated in the direct cost categories. Budget Narrative: Reiterate the circumstance under which the applicant falls that will allow it to use an indirect cost rate (see Restrictions and Notes below) and detail the computation of the cost base.

Restrictions and Notes:

The use of indirect costs is allowed. However, the costs must be consistently charged as either indirect or direct costs. It may not be double charged or inconsistently charged as both.

Indirect costs are allowed only under the following circumstances:

1. Applicant has a current, federally approved indirect cost rate.
 - Applicants who elect to utilize their indirect cost rate *must* attach a copy of the federally approved indirect cost rate agreement to the Application for Grant.

OR

2. Applicant is eligible to use and elects to use the 15% De Minimis Indirect Cost Rate described in the Part 200 Uniform Requirements as set out at 2 C.F.R. 200.414(f).

- In order to use the 15% De Minimis Indirect Cost Rate, Applicants *must*:

- A breakdown of the Applicant’s Modified Total Direct Costs (MTDC) must be included and submitted with the proposed budget. MTDC means all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first \$50,000 of each subaward (regardless of the period of performance of the subawards under the award). The MTDC will exclude equipment, capital expenditures, rental costs, and the portion of each subaward in excess of \$50,000. Applicants should complete the Indirect Cost Worksheet located on the Department’s website at: https://ag.hawaii.gov/cpja/files/2025/01/AG_CPJAD-40-Indirect-Cost-Computation-12_2024.xlsx to help determine chargeable costs.

L. OTHER COSTS

The purpose of this section is to itemize and describe costs not covered by any other budget detail category (i.e., confidential funds or conference registration costs) to be supported with grant funds.

Budget Detail: Describe the cost item, quantity to be purchased, basis for the cost or rate (i.e., each/unit, per square foot), cost, and length of time of grant support.

Budget Narrative: Describe the methodology used to allocate the costs to the project, the basis of the computation, and why the cost item is necessary for the execution and completion of the project.

M. BUDGET NARRATIVE

Each cost item listed in the budget detail must have an associated entry in the budget

narrative to explain why the cost item is necessary for the execution and completion of the project.

The budget narrative should not restate the information on the budget detail (i.e., 2 items @ \$300/item). Instead, the purpose of the budget narrative is to explain/identify:

- The purpose of each expense (i.e., why the expense is necessary for the execution and completion of the activities listed in Part II. Description of the Project);
- How the estimated costs in the budget detail were generated; and
- The policies/procedures that will be followed to purchase/procure the line item expense (if applicable).

Examples of Budget Narrative Entries:

- Salaries and Wages:
 - John Smith, Counselor, will provide individualized substance abuse counseling, group therapy and support group sessions, and treatment services to program participants. Services include focusing on strengthening protective factors, relapse prevention strategies and management, vocational skills, improving coping strategies and stress management, etc. The percentage of time devoted to this grant for the project period is 100%. The annual salary reflects the current starting rate of a Substance Abuse Counselor position, SR 21, Step C.
 - Vacant, Office Assistant III, will provide clerical support to the program. The percentage of time devoted to this grant for the project period is 50%. The annual salary reflects the current starting rate of an Office Assistant III position, SR 10, Step C.
- Fringe Benefits:

The fringe rate being used is the current state rate at 50.65% (see attached for breakdown of covered items).
- Equipment:

The digital recorder and DVD player will be used to document behavioral and attitude changes in participant's criminogenic needs. Participants will be videotaped and the tapes will help to refine skills learned. The videos taken with the digital recorder will also help with staff training and development. Confidentiality rules and policies will be followed.

N. BUDGET SUMMARY

The Budget Summary will auto-calculate based on the entries on the Budget Detail. The Budget Summary provides the Total Project Costs.

CERTIFICATE OF COLLABORATION

The applicant must attach a completed and signed Certification of Collaboration form (Form AG/CPJAD #24), which is available at <https://ag.hawaii.gov/cpja/gp/>. The form requires government agencies to certify that it has consulted with a local victim services provider/program in the development of this application.

The top half of the form must be completed and signed by the applicant agency. The applicant shall:

- Enter the full name and title of the signing authority; and
- Sign and date the form.

VAWA STOP Formula Grant Match Requirements

Subgrants awarded under this formula grant program may support up to 75 percent of the total cost of each project. Cash or in-kind services may be used as match. Non-profit, non-governmental victim services programs are exempt from the match requirement.

In-kind match may include donations of expendable equipment, office supplies, workshop or classroom materials, work space, or the monetary value of time contributed by professional and technical personnel and other skilled and unskilled labor if the services they provide are an integral and necessary part of a funded project. The value placed on loaned or donated equipment may not exceed its fair rental value. The value placed on donated services must be consistent with the rate of compensation paid for similar work in the organization or the labor market. Fringe benefits may be included in the valuation. Volunteer services must be documented, and to the extent feasible, supported by the same methods used by the recipient organization for its own employees. The value of donated space may not exceed the fair rental value of comparable space and facilities in a privately owned building in the same locality.

The source of the non-federal match is governed by the *DOJ Financial Guide*. Generally, cash match may be applied from the following sources: funds from States and local units of government that have a binding commitment of matching funds for programs or projects; funds from the Housing and Community Development Act of 1974, 42 U.S.C. § 5305, *et seq.*, or the Appalachian Regional Development Act, 40 U.S.C. § 214, or the Equitable Sharing Program, 21 U.S.C. § 881(e); funds contributed from private sources; program income funds from seized assets and forfeitures; or funds otherwise authorized by law. All funds designated as match are restricted to the same uses as the Violence Against Women program funds and must be expended within the grant period.

Limitations on STOP Program Funding

1. Activities That Compromise Victim Safety. OVW does not fund activities that jeopardize victim safety, deter or prevent physical or emotional healing for victims, or allow offenders to escape responsibility for their actions. Applicants should not propose projects that include the following activities:
 - Procedures or policies that exclude victims from receiving safe shelter, advocacy services, counseling, and other assistance based on their actual or perceived sex, age, immigration status, race, religion, sexual orientation, gender identity, mental health condition, physical health condition, criminal record, work in the sex industry, income or lack of income, or the age and/or sex of their children;
 - Procedures or policies that compromise the confidentiality of information and/or privacy of persons receiving services;
 - Procedures or policies that require victims to take certain actions (e.g., seek an order of protection, receive counseling, participate in couples counseling or mediation, report to law enforcement, seek civil or criminal remedies) in order to receive services;
 - Procedures or policies that fail to include conducting safety planning with victims; or
 - Project designs, products, services and/or budgets that fail to account for the unique needs of individuals with disabilities, with limited English proficiency, or who are deaf or hard of hearing, including accessibility for such individuals.

Information about additional activities that compromise victim safety and undermine offender accountability can be found in the [FY25](#) Application Companion Guide.

2. Legal Services. Pursuant to 34 U.S.C. § 12291(b)(12), to be eligible for an award, any recipient or subrecipient providing legal assistance with funds awarded under this program must certify in writing that they are in compliance with the mandatory statutory requirements.
 - A. any person providing legal assistance with funds through this program – (A)(i) is a licensed attorney or is working under the direct supervision of a licensed attorney; (ii) in immigration proceedings, is a Board of Immigration Appeals accredited representative; (iii) in Veterans’ Administration claims, is an accredited representative; or (iv) is any person who functions as an attorney or lay advocate in Tribal court; and (B)(i) has demonstrated expertise in providing legal assistance to victims of domestic violence, dating violence, sexual assault, or stalking in the targeted population; or (ii)(I) is partnered with an entity or person that has demonstrated expertise described in

clause (i); and (II) has completed, or will complete, training in connection with domestic violence, dating violence, stalking, or sexual assault and related legal issues, including training on evidence-based risk factors for domestic and dating violence homicide;

- B. any training program conducted in satisfaction of the requirement of paragraph (1) has been or will be developed with input from and in collaboration with a tribal, state, territorial, local, or culturally specific domestic violence, dating violence, sexual assault or stalking victim service provider or coalition, as well as appropriate tribal, state, territorial, and local law enforcement officials;
 - C. any person or organization providing legal assistance with funds through this program has informed and will continue to inform state, local, or tribal domestic violence, dating violence, or sexual assault programs and coalitions, as well as appropriate state and local law enforcement officials of their work; and
 - D. the grantee's organizational policies do not require mediation or counseling involving offenders and victims physically together, in cases where sexual assault, domestic violence, dating violence, stalking, or child sexual abuse is an issue.
3. Prevention and Public Awareness Campaigns. VAWA Statutory Purpose Area number 20 allows for “developing, enhancing, or strengthening prevention and educational programming to address domestic violence, dating violence, sexual assault, stalking, or female genital mutilation or cutting[.]” However, no more than 5 percent of the total project costs can be used for this purpose. In addition, a proposal that falls within this purpose area would not fall under the victim services allocation and would need to be funded using STOP discretionary funds.

Note: The term “prevention” includes both primary and secondary prevention efforts. Primary prevention means strategies, programming, and activities to stop both first-time perpetration and first-time victimization. Primary prevention is stopping domestic violence, dating violence, sexual assault, and stalking before they occur. Secondary prevention is identifying risk factors or problems that may lead to future domestic violence, dating violence, sexual assault, or stalking and taking the necessary actions to eliminate the risk factors and the potential problem. “Prevention” is distinguished from “outreach,” which has the goal of informing victims and potential victims about available services. Additional information can be found in OVW’s Frequently Asked Questions (FAQs) About STOP Formula Grants – Updated October 2017.

- 4. Food and Beverage Costs. STOP funds cannot be used to purchase any food and/or beverages for any meeting, conference, training, or other event.
- 5. Consultants/Contracts. Compensation for individual services is to be reasonable and consistent with that paid for similar services in the marketplace. When the rate exceeds \$650 (excluding travel and subsistence costs) for an 8-hour day, a written prior approval is required from the Department.

6. Administrative/Indirect Costs. Administrative costs are the general or centralized expenses necessary for the overall administration of an organization. Administrative costs do not include particular project costs. For organizations that have an established federally approved indirect cost rate for Federal awards, indirect costs mean those costs that are included in the organization's indirect cost rate. Such costs are generally identified with the organization's overall operation and are further described in the Uniform Administrative Requirements, Cost Principles, and Audit Requirements in 2 CFR Part 200.

Indirect costs are costs of an organization that are not readily assignable to a particular project, but are necessary to the operation of the organization and the performance of the project. The cost of operating and maintaining facilities, depreciation, and administrative salaries are examples of the types of costs that are usually treated as indirect.

For the purposes of this solicitation, applicants may be permitted an allocation in their budget for indirect costs under one of the following:

- a. If the applicant has a current, federally approved indirect cost rate agreement, the applicant may include an allocation for indirect costs. Applicants must provide a copy of their federally approved indirect cost rate agreement.
- b. If the applicant does not have a federally approved indirect cost rate, the applicant may include a 15% de minimis rate – §2 CFR 200.414(f) provides for this type of rate, see description below.

“Recipients and subrecipients that do not have a current Federal negotiated indirect cost rate (including provisional rate) may elect to charge a de minimis rate of up to 15 percent of modified total direct costs (MTDC). The recipient or subrecipient is authorized to determine the appropriate rate up to this limit. Federal agencies and pass-through entities may not require recipients and subrecipients to use a de minimis rate lower than the negotiated indirect cost rate or the rate elected pursuant to this subsection unless required by Federal statute or regulation. The de minimis rate must not be applied to cost reimbursement contracts issued directly by the Federal Government in accordance with the FAR. Recipients and subrecipients are not required to use the de minimis rate. When applying the de minimis rate, costs must be consistently charged as either direct or indirect costs and may not be double charged or inconsistently charged as both. The de minimis rate does not require documentation to justify its use and may be used indefinitely. Once elected, the recipient or subrecipient must use the de minimis rate for all Federal awards until the recipient or subrecipient chooses to receive a negotiated rate.”

According to §200.68, MTDC is composed of the following:

MTDC means all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and subawards and subcontracts up to the first \$50,000 of each subaward or subcontract (regardless of the period of performance of the subawards and subcontracts under the award). MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant

support costs and the portion of each subaward and subcontract in excess of \$50,000. Other items may only be excluded when necessary to avoid a serious inequity in the distribution of indirect costs, and with the approval of the cognizant agency for indirect costs.

Note: If a 15% de minimis rate is to be used by the applicant, a breakdown of the applicant's MTDC must be submitted with the proposed budget.

7. Other unallowable uses of STOP funds include:

- Lobbying (except with explicit statutory authorization)
- Research projects
- Fundraising

1. Research projects. Funds under this program may not be used to conduct research, defined by 28 C.F.R. § 46.102(d) as a systematic investigation designed to develop or contribute to generalizable knowledge. However, assessments conducted for internal improvement purposes only may be allowable. For information on distinguishing between research and assessments, see the Department of the Attorney General RFP #AG-CPJAD-VAWA-25-26-WF 2-14 Service Specifications (Rev. 2/2026) Application Companion Guide.

2. Promoting or facilitating the violation of federal immigration law.

3. Inculcating or promoting gender ideology as defined in Executive Order 14168, *Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government*.

4. Promoting or facilitating discriminatory programs or ideology, including illegal DEI and “diversity, equity, inclusion, and accessibility” programs that do not advance the policy of equal dignity and respect, as described in Executive Order 14173, *Ending Illegal Discrimination and Restoring Merit-Based Opportunity*. This prohibition is not intended to interfere with any of OVW’s statutory obligations, such as funding for HBCUs, culturally specific services, and disability programs.

5. Activities that frame domestic violence or sexual assault as systemic social justice issues rather than criminal offenses (e.g., prioritizing criminal justice reform or social justice theories over victim safety and offender accountability).

6. Generic community engagement or economic development without a clear link to violence prevention, victim safety, or offender accountability.

7. Programs that discourage collaboration with law enforcement or oppose or limit the role of police, prosecutors, or immigration enforcement in addressing violence against women.
8. Awareness campaigns or media that do not lead to tangible improvements in prevention, victim safety, or offender accountability.
9. Initiatives that prioritize illegal aliens over U.S. citizens and legal residents in receiving victim services and support.
10. Excessive funding for consulting fees, training, administrative costs, or other expenses not related to measurable violence prevention, victim support, and offender accountability.
11. Any activity or program that unlawfully violates an Executive Order.
12. Activities addressing human trafficking unrelated to domestic violence, dating violence, sexual assault, or stalking.
13. Activities addressing Missing or Murdered Indigenous Persons (MMIP) unrelated to domestic violence, dating violence, sexual assault, or stalking.

Note: Recipients and subrecipients should serve all eligible victims as required by statute, regulation, or award condition. Certain out-of-scope activities are subject to a preliminary stay in Rhode Island Coalition Against Domestic Violence, et al., v. Pamela Bondi, et al., and are not enforceable as to any OVW FY 2025 awards unless and until the preliminary stay is lifted. If the preliminary stay is lifted, CPJAD will process a modification identifying the award condition or out-of-scope activity that is no longer subject to the preliminary stay and has become enforceable and the date on which it becomes enforceable.

UEI: The UEI number is the primary means of identifying an entity for federal awards government-wide in SAM. The UEI is a 12-character alpha-numeric value. Once issued, the SAM UEI will not change. For more information on SAM UEI, go to <http://www.sam.gov>.

7. Federal Reporting Requirement Under OVW. All applicants awarded STOP funds must submit an annual progress report for the duration of the award. A copy of the reporting format will be provided by CPJAD to grant recipients.
