**DEPARTMENT OF THE ATTORNEY GENERAL, CHILD SUPPORT ENFORCEMENT AGENCY
DATA MATCH PARTICIPATION AGREEMENT**

This agreement establishes requirements to be met by the State of Hawaii, Child Support Enforcement Agency (CSEA) and Financial Institution, pursuant to Section 576D-15, Hawaii Revised Statutes (HRS) and Section 466(a)17 of the Social Security Act. Each financial institution is required to provide to CSEA on a quarterly basis, the name, record address, social security number or other taxpayers identification number, and other identifying information for each non-custodial parent who maintains an "account" (as defined in Section 576D-15(g), HRS at such institution and who owes past due support, as identified by CSEA by name and social security number or other taxpayer identification number. The purpose of this law is to improve enforcement against delinquent child support obligors.

CSEA has developed and instituted a "Data Match System" to implement Section 576D-15, HRS. The Data Match System establishes a process to facilitate the exchange of information required to be provided by and between the Financial Institution and CSEA. We have identified your institution as one covered by Section 576D-15, HRS, and thus required to comply with its requirements. (Guidelines regarding the Data Match are attached). The Financial Institution Data Match (FIDM) was initiated for all financial institutions on September 1, 1999 (beginning the third quarter July 1-September 30, 1999). The Financial Institution shall submit a file within thirty days of receiving an inquiry file from CSEA.

The Financial Institution elects to transmit the required information to the CSEA by one of the following methods:

Method I (All Accounts Method)

Financial Institution shall submit quarterly to CSEA a file identifying all open accounts.

Method II (Matched Accounts Method)

Financial Institution shall match a file supplied by the CSEA not more than quarterly against all open accounts maintained at that institution.
