

DAVID Y. IGE  
GOVERNOR

CLARE E. CONNORS  
ATTORNEY GENERAL

DANA O. VIOLA  
FIRST DEPUTY ATTORNEY GENERAL

**STATE OF HAWAII**  
**DEPARTMENT OF THE ATTORNEY GENERAL**  
425 QUEEN STREET  
HONOLULU, HAWAII 96813  
(808) 586-1500

December 14, 2020

The Honorable Ronald D. Kouchi  
President and Members of the Senate  
Thirty-First State Legislature  
State Capitol, Room 409  
Honolulu, Hawaii 96813

The Honorable Scott K. Saiki  
Speaker and Members of the House of  
Representatives  
Thirty-First State Legislature  
State Capitol, Room 431  
Honolulu, Hawaii 96813

Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

For your information and consideration, I am transmitting a copy of the Department of the Attorney General's Annual Statewide Inventory and Report of Sexual Assault Evidence Collection Kits as required by section 844G-3, Hawaii Revised Statutes. In accordance with section 93-16, Hawaii Revised Statutes, I am also informing you that the report may be viewed electronically at <http://ag.hawaii.gov/publications/reports/reports-to-the-legislature/>.

If you have any questions or concerns, please feel free to call me at 586-1500.

Sincerely,

A handwritten signature in blue ink, appearing to be "Clare E. Connors", with a long horizontal stroke extending to the right.

Clare E. Connors  
Attorney General

c: David Y. Ige, Governor  
Josh Green, Lieutenant Governor  
Legislative Reference Bureau (Attn.: Karen Mau)  
Leslie H. Kondo, State Auditor  
Craig K. Hirai, Director of Finance, Department of Budget and Finance  
Stacey A. Aldrich, State Librarian, Hawaii State Public Library System  
David Lassner, PhD., President, University of Hawaii

Enclosure

State of Hawai'i  
Department of the Attorney General

ANNUAL STATEWIDE INVENTORY AND REPORT OF  
SEXUAL ASSAULT EVIDENCE COLLECTION KITS

Required by Section 844G-3,  
Hawaii Revised Statutes

Submitted to  
The Thirty-First State Legislature  
Regular Session of 2021

## **A. Introduction**

Hawaii Revised Statutes (HRS) chapter 844G, enacted in 2018, directs the Department of the Attorney General to establish the Hawaii Sexual Assault Response and Training (HSART) Program; requires an annual statewide inventory and report of sexual assault evidence collection kits; provides for storage options of unreported sexual assault evidence collection kits; establishes mandatory submission and testing requirements for sexual assault evidence collection kits; requires a tracking system for sexual assault evidence collection kits; and provides guidelines for a victim's right to notification and other information.

Section 844G-2(a), HRS, requires that the Department of the Attorney General (Department) establish HSART with members who are directly involved with the use, management, and testing of sexual assault evidence collection kits, or are involved with, communicate with, or otherwise support sexual assault victims. Section 844G-2(a) provides that the members should include, but not be limited to, the respective police departments of each county, the state or county Combined DNA Index System (CODIS) administrator, the respective prosecuting attorney departments of each county, and sexual assault service providers.

Prior to the enactment of chapter 844G, HRS, a federally funded HSART program, managed by The Sex Abuse Treatment Center (SATC) of Kapiolani Medical Center for Women & Children, operated during a fifteen-year period from 1999 to 2014. Under SATC's leadership, HSART members adopted national standards in the development and use of a statewide sexual assault evidence collection kit. HSART members also collaboratively engaged in dialogue, coordinated training, achieved statewide standardization, identified and resolved problems, assessed effective practices, and provided victim-centered services.

In 2016, pursuant to Act 207 (SLH 2016), all law enforcement agencies and departments charged with the maintenance, storage, and preservation of sexual assault evidence collection kits were required to inventory those kits. The Department of the Attorney General was required to work with community stakeholders to prepare a report on the number of untested kits then stored in each county<sup>1</sup>. The current HSART program was established in 2018 pursuant to section 844G-2(a), HRS, to build on these activities and accomplishments. The work completed by the Act 207 Working Group included the Annual Report Regarding Sexual Assault Evidence Collection Kits requested by House Concurrent Resolution No. 133, House Resolution No. 83, and Senate Resolution No. 44, S.D. 1 (adopted by the 2017 Legislature), and was the precursor of this annual report.

---

<sup>1</sup> Act 207 "Report on Untested Sexual Assault Evidence Collection Kits Retained by County Police Departments, Plans and Procedures for the Disposition of Currently Untested Kits and New Kits, and Related Information" was submitted to the Twenty-Ninth State Legislature Regular Session of 2017 on December 1, 2016.

In addition to the Department, the members of HSART include:

Honolulu Police Department  
Hawaii Police Department  
Maui Police Department  
Kauai Police Department  
Department of the Prosecuting Attorney, City and County of Honolulu  
Office of the Prosecuting Attorney, Hawaii County  
Department of the Prosecuting Attorney, Maui County  
Office of the Prosecuting Attorney, Kauai County  
Kapiolani Medical Center for Women & Children, The Sex Abuse Treatment Center  
YWCA of Hawaii Island, Sexual Assault Support Services  
Child and Family Service, Maui Sexual Assault Center  
YWCA of Kauai, Sexual Assault Treatment Program  
CODIS Administrator  
Two Sexual Assault Forensic Examiners  
Two Sexual Assault Nurse Examiners

The Department thanks the HSART members who have been instrumental in the development and completion of this report. The report will be available to the public on the Department's website in January 2021.

## **B. Annual Statewide Inventory and Report of Sexual Assault Evidence Collection Kits**

The reporting period is for the fiscal year covering July 1, 2019 – June 30, 2020.

The data in this report reflects the status of Sexual Assault Evidence Collection Kits (SAKs) in the State of Hawaii as of the end-date of the reporting period, June 30, 2020, and is not a representation of the status of the kits at the time of the submission of this report. The HSART members worked to ensure that the data contained in this report is clearly defined and that relevant definitions are provided.

### Definitions from Section 844G-1, HRS

"Accredited and approved DNA laboratory" means a DNA laboratory that:

- (1) Meets the requirements of section 844D-54; and
- (2) Conducts DNA analysis eligible for upload to the Combined DNA Index System, as approved by its state administrator.

"Department" means the department of the attorney general.

"DNA" means deoxyribonucleic acid.

"DNA analysis" refers to the following process:

- (1) The taking of DNA samples from evidence containing DNA from a known

- individual or DNA of unknown origin;
- (2) The isolation of DNA to develop DNA profiles; and
- (3) The determination of the DNA test-results.

"Reported sexual assault evidence collection kit" or "reported kit" means a sexual assault evidence collection kit for a case in which:

- (1) The victim reported a sexual offense to a law enforcement agency; or
- (2) The victim reported a sexual offense to a law enforcement agency and a formal complaint was generated; the victim subsequently requested that the complaint be withdrawn; but the victim subsequently chose to reinstate the complaint.

"Sexual assault evidence collection kit" means a kit that contains a human biological specimen or specimens collected by a health care provider during a medical forensic examination from the victim of a suspected criminal sexual offense.

"Status" refers to the location, date, and time that a sexual assault evidence collection kit is transferred within the chain of custody.

"Unreported sexual assault evidence collection kit" or "unreported kit" means a sexual assault evidence collection kit for a case in which:

- (1) The victim chose not to report a sexual offense to a law enforcement agency; or
- (2) The victim reported a sexual offense to a law enforcement agency and a formal complaint was generated; but the complaint was subsequently withdrawn at the victim's request.

Table A, Statewide Data of SAKs, by County, provides the data for the annual report required by section 844G-3, HRS. Following each data element below is a clarification (in italics) of the data as established by HSART members:

- (1) "The number of sexual assault evidence collection kits collected in each county" means *the combined number of SAKs collected for sexual assaults reported and not reported to law enforcement agencies.*
- (2) "The number of reported sexual assault evidence collection kits collected in each county" means *the number of SAKs collected for sexual assaults reported to law enforcement agencies.*
- (3) "The number of unreported sexual assault evidence collection kits collected in each county" means *the number of SAKs collected for sexual assaults not reported to law enforcement agencies.*
- (4) "The number of reported sexual assault evidence collection kits that were submitted to an accredited and approved DNA laboratory for analysis" means *the total number of SAKs submitted for DNA analysis during the*

*reporting period, regardless of when the SAKs were collected or the testing status of the SAKs (e.g., SAK is in process of testing or testing was completed). This number may include SAKs collected prior to the reporting period but submitted for DNA analysis during the reporting period.*

*“Submitted” means possession of the SAK has been relinquished by the agency for direct delivery to an accredited and approved DNA laboratory for DNA analysis, provided that for the Honolulu Police Department (HPD), when testing will be completed by the HPD Scientific Investigation Section (SIS) lab, “submitted” means when possession of the SAK is relinquished by the HPD evidence specialist and the SAK is placed into the HPD-SIS evidence vault.*

- (5) *Of the reported sexual assault evidence collection kits submitted to an accredited and approved DNA laboratory for analysis, “the number for which analysis has been completed” means the number of SAKs that have been returned to the submitting agency with DNA analysis results and reports, regardless of when they were submitted for DNA analysis. This may include SAKs submitted for DNA analysis prior to the reporting period for which results were returned during the reporting period.*
- (6) *“The number of reported sexual assault evidence collection kits that were not submitted to an accredited and approved DNA laboratory for analysis” means the number of SAKs collected during the reporting period (as indicated in Item 2 of Table A), where a decision has been made to not submit the SAK for DNA analysis. Table B lists the justification, by county, as to why the SAKs were not submitted for analysis.*
- (7) *“The number of sexual assault evidence collection kits disposed of in each county, pursuant to section 844G-4, HRS,” means the number of SAKs for cases not reported to law enforcement agencies that have been disposed of.*
- (8) *“The number of sexual assault evidence collection kits disposed of in each county for reasons not provided in section 844G-4” means the number of SAKs for cases reported to law enforcement agencies that have been disposed of. The reason for disposal is listed in Item 8A of Table A.*
- (9) *“All reasons any kit was in an entity's possession for longer than the periods allowed under section 844G-5” means explanations for a sexual assault evidence collection kit being in an agency's possession longer than allowable time limits specified in section 844G-5.*

Timeframes allowed under section 844G-5 (entity in parentheses has responsibility for meeting timeframes):

- (A) From kit collection to police notification (sexual assault center responsible for collecting kit). Time: 24 hours
- (B) From notification to police to police taking possession (Police) reported or unreported but wants police to take custody. Time: 3 business days
- (C) From police taking possession to request testing to lab (Police). Time: 15 business days
- (D) From request date, notification to police to accept/reject (Lab). Time: 14 days
- (E) From acceptance by lab, submit for testing (Police). Time: 10 business days
- (F) Average completion rate for testing of the SAK (Lab) Prior to July 1, 2023 Time: 180 days

Average completion rate for testing of the SAK (Lab) On/after July 1, 2023. Time: 90 days

Note: Testing of the SAK is considered completed when the testing results report is returned from the testing lab to the requesting law enforcement agency.

- (10) “The number of new prosecutions initiated as a result of an actionable Combined DNA Index System hit on sexual assault evidence collection kits collected prior to July 1, 2016,” means *the number of persons charged by a prosecutor’s office, based on an actionable investigative development directly resulting from the DNA analysis of the SAK, for cases in which the SAK was collected prior to July 1, 2016.*

“Actionable” is defined in the Act 207 Report to the Legislature (December 2016) as information that re-opens or furthers a case in any jurisdiction that will require the victim’s involvement.

**TABLE A**  
**Statewide Data of SAKs, by County**  
**July 1, 2019 – June 30, 2020**

Item	Number during the reporting period:	Hawaii County	City and County of Honolulu	Kauai County	Maui County	Total
1	Sexual assault evidence kits collected (reported and unreported)	33	218	15	27	293
2	Sexual assault evidence kits collected (reported to police)	30	169	14	26	239
3	Sexual assault evidence kits collected (unreported to police)	3	49	1	1	54
4	Sexual assault kits submitted for DNA analysis	30	164	13	31	238
5	Police reported sexual assault evidence kits that have completed DNA analysis	42	226	17	45	330
6	Police reported sexual assault evidence kits collected that have not been submitted for DNA analysis (See Table B below for justification)	1	5	2	0	8
7	Sexual assault evidence kits not reported to police that are disposed of during the reporting period	0	0	0	0	0
8	Sexual assault evidence kits reported to police that are disposed of during the reporting period	0	0	0	0	0
8A	Reasons for disposal	N/A	N/A	N/A	N/A	N/A
9	Noncompliance with specified timelines (See Table C below for justification)	1	0	0	0	1
10	New prosecutions initiated resulting from actionable CODIS hits (SAK cases prior to July 1, 2016 only)	3	0	0	0	3

For clarification of the data in this table and relevant definitions, refer to pages 3-6 of this report.

**TABLE B**  
**Justification for Sexual Assault Evidence Collection Kits Not Submitted to an Accredited and Approved DNA Laboratory for Analysis, by County**  
**July 1, 2019 – June 30, 2020**

<b>Justification</b>	<b>Hawaii County</b>	<b>City and County of Honolulu</b>	<b>Kauai County</b>	<b>Maui County</b>	<b>Total</b>
Sexual assault complaint officially withdrawn	-	-	1	-	1
Case turned over to responsible jurisdiction	-	4	-	-	4
Case unfounded	1	1	1	-	3
<b>Total</b>	1	5	2	-	8

**TABLE C**  
**Justification for Noncompliance with Specified Timelines, by County**  
**“Justification (# of sexual assault kits)”**  
**July 1, 2019– June 30, 2020**

Timeline Item	Hawaii County	City and County of Honolulu	Kauai County	Maui County
Item 9-A (SANE/SAFE notification to police) (24 Hours)	N/A	N/A	N/A	N/A
Item 9-B (Police taking possession) (3 Business Days)	N/A	N/A	N/A	N/A
Item 9-C (Police Request to Lab for Testing) (15 Business Days)	N/A	N/A	N/A	N/A
Item 9-D (Lab Response to Police) (14 days)	N/A	N/A	N/A	N/A
Item 9-E (Police Evidence Submission to Lab) (10 Business Days)	1	N/A	N/A	N/A
	Notification delay due to detective schedule			
Item 9-F (Lab Testing Completion) (180 Days)	N/A	N/A	N/A	N/A

Agencies that provided data for this report:

- Hawaii Police Department
- Honolulu Police Department
- Kauai Police Department
- Maui Police Department
- Department of the Prosecuting Attorney, City and County of Honolulu
- Office of the Prosecuting Attorney, Hawaii County
- Department of the Prosecuting Attorney, Maui County
- Office of the Prosecuting Attorney, Kauai County
- Kapiolani Medical Center for Women & Children, The Sex Abuse Treatment Center
- Child and Family Service, Maui Sexual Assault Center
- YWCA of Hawaii Island, Sexual Assault Support Services
- YWCA of Kauai, Sexual Assault Treatment Program
