Aloha e Lisa,

I am a student and resident of O'ahu. I want to voice my staunch opposition to the construction of another jail here in Hawai'i. We should be using this money to fund social programs and public resources that would prevent the need for using more jails and prisons. Social problems must be solved at their root, and people should not be locked away in cages because their government has failed to address these causes in our communities. I hope you will consider alternatives to the use of something as archaic as a *dungeon* in the future.
