

00:08:19 Carrie Ann Shirota: What is PSD
00:08:40 Chase Livingston, Esq.: Public Safety Department
00:12:26 Carrie Ann Shirota: Good news!
00:14:04 Diana B (she/her): Aren't women at WCCC in quarantine bc of ACO cases?
00:21:33 Carolyn Eaton she, her: How long does a training session run for recruits?
00:27:54 kdayton: What is the department's position on bail reform?
00:29:01 Carrie Ann Shirota: FYI - If the Governor intends to veto the bill, the Governor must inform the Legislature by June 27, 2022 (the 35th day after adjournment sine die) and deliver the veto by July 12, 2022 (the 45th day after adjournment sine die). If the bill is vetoed, it will not become law unless the Legislature successfully overrides the veto in special session by a 2/3 vote in each chamber.* The Legislature must convene in special session at or before noon on July 12, 2022 to override the Governor's veto.
00:30:23 kdayton: I hope we can return to the subject later to learn what PSD is recommending to the Gov re bail reform
00:33:19 Chase Livingston, Esq.: Chair Patterson, could you please let Tommy Otake in from the waiting room?
00:48:34 Carrie Ann Shirota: Best practices on paper mean nothing. They must be implemented. Data shows that 50% of people in our carceral system have mental health conditions. How many training hours do ACOs receive relating to mental health care and the policies for suicide watch? Do the health care staff receive specialized training to provide
00:49:42 Carrie Ann Shirota: health care services?
00:55:30 Lee Curran she/her: I am wondering if what is referred to as privileges are better identified as basic human rights?
01:01:35 Carrie Ann Shirota: These patterns persist. A young mother on Maui committed suicide at MCCC.

01:04:38 Cassie Chee (she/her): how you measure a community is how we treat the least among us
01:04:40 Cassie Chee (she/her): Mahalo Mike
01:13:10 Carrie Ann Shirota: Does Dr. Stewart and the legal team believe that statewide sustainable changes can be made without federal intervention and a consent decree and alternatives to incarceration?
01:16:35 Carrie Ann Shirota: And did Joey have a technical probation violation?
01:22:20 Raelyn R: That is really hard to believe that transfer from Halawa to a medical mental health setting has not been utilized. Definitely an attitude issue.
01:24:21 Carrie Ann Shirota: Thank you, Dr. Stewart, for speaking the truth. There is a culture of disregarding civil and human rights of all people in our jails and prisons. Sadly, dehumanization is the norm.
01:31:54 Raelyn R: Exactly Dr. Stewart!
01:34:00 Raelyn R: But the attitude that mental health issues are not medical issues has to be addressed in DPS.
01:36:50 Raelyn R: The silo issue is real. Even in bail hearings, it's obvious that some people are having mental health issues on screen during these hearings and these people need a mental health bed.
01:36:54 katbrady: You're so right, Raelyn!
01:38:00 Chase Livingston, Esq.: Agreed!
01:44:35 Raelyn R: The Hawaii State Council On Mental Health is really working hard to address mental health services in the community
01:47:28 Chase Livingston, Esq.: Mahalo for that statement Mr. Otani
01:49:15 Carrie Ann Shirota: Will PSD please respond about their position on HB 1567 bail reform?
01:50:21 Carrie Ann Shirota: The \$99 amount was deleted from the bill.
01:51:54 Carrie Ann Shirota: The jail consultants stated that bail reform could reduce the jail population.
01:52:31 Carolyn Eaton she, her: Diversion can initially mean remain with family.
01:56:58 Diana B (she/her): The problem is who plans the new jail. That will determine if it will be a therapeutic environment or not. As I understand it, the names of companies applying to plan/build have not been made public.
01:57:12 Chase Livingston, Esq.: Mahalo Chair and Commission members for such great facilitation and dedication to addressing these important issues
01:57:49 Lee Curran she/her: Amazing meeting, thanks everyone!
