DEPARTMENT OF THE ATTORNEY GENERAL WARNS NINE PHONE PROVIDERS OVER CONTINUED UNLAWFUL ROBOCALL TRAFFIC

News Release 2025-53

FOR IMMEDIATE RELEASE

April 9, 2025

HONOLULU – Attorney General Anne Lopez and the 51 attorneys general of the Anti-Robocall Multistate Litigation Task Force, notified nine voice service providers that they may be violating state and federal laws by continuing to route allegedly unlawful robocalls across their networks. The warning letters include information about the task force’s investigation and analysis of each provider’s illegal and/or suspicious robocall traffic.

“These telecommunications companies continue to transmit suspected illegal robocall traffic, despite task force demands to identify, investigate and mitigate suspicious, high-volume robocalls across their networks,” said Attorney General Lopez. “Many robocall scammers trick people into giving up personal information or into paying them money and it’s time for these telecommunications companies to stop transmitting illegal robocalls and become part of the solution.”

In addition to sending these warning notices, the task force has also shared its concerns about these providers with federal law enforcement partners, including the Federal Communications Commission (FCC).

The task force sent warning letters to the following companies:
